POISONS

ARRANGEMENT OF SECTIONS

Section

1. Citation.
2. Interpretation.
3. Description of poisons.
4. Licensing Officers.
5. General prohibition with respect to importation and sale of poisons.
6. Prohibitions and provisions relating to sale of poisons.
7. Exemptions in respect of medicines.
8. Exemptions in respect of sale.
9. Possession of poisons.
10. Issue of licences.
11. Different kinds of licence.
12. Licences to be numbered and registered.
13. Annual list to be published.
14. Forms of licence.
15. Search and search warrants.
16. Powers of exemption.
17. Penalties.

18. Jurisdiction.
19. Prosecutions.
20. Prohibition of sale to persons under 18.
21. Rules.

SCHEDULE — POISONS LIST

POISONS ACT**An Act to regulate the importation, possession, manufacture, compounding, storage, transport and sale of poisons**

Commencement: 1st January 1983
[S 61/1957]

Citation.

1. This Act may be cited as the Poisons Act.

Interpretation.

2. In this Act, unless the context otherwise requires —

“dentist” means a dentist licensed under the Medical Practitioners and Dentists Act (Chapter 112) and includes a Government dentist;

“export”, in relation to Brunei Darussalam, means to take or cause to be taken out of Brunei Darussalam by land, air or water, otherwise than in transit;

“import”, in relation to Brunei Darussalam, means to bring or to cause to be brought into Brunei Darussalam by land, air or water, otherwise than in transit;

“in transit” means taken or sent from any country and brought into Brunei Darussalam by land, air or water (whether or not landed or transhipped in Brunei Darussalam) for the sole purpose of being carried to another country either by the same or another conveyance;

“licensed pharmacist” means a pharmacist licensed under this Act;

“licensed practitioner” means a Government Medical Officer or a registered medical practitioner licensed under this Act;

“Licensing Officer” means a person empowered by section 4 to issue licences for the purposes of this Act;

“officer of the Bureau” means the Director, Deputy Director and any other officer of the Narcotics Control Bureau;

[S 16/1996]

“pharmacist” means any person who holds any degree, diploma or licence approved by the Medical Board constituted under section 13(1) of the Medical Practitioners and Dentists Act (Chapter 112);

“Poisons List” means the Poisons List in the Schedule;

“registered medical practitioner” means a medical practitioner registered under the Medical Practitioners and Dentists Act (Chapter 112);

“sale by way of wholesale dealing” means sale to a person who buys for the purpose of selling again;

“veterinary surgeon” means a person who holds the diploma of membership of the Royal College of Veterinary Surgeons of England, or the diploma of a British or foreign veterinary institution or examining body approved by the Medical Board constituted under section 13(1) of the Medical Practitioners and Dentists Act (Chapter 112).

Description of poisons.

3. (1) The substances specified in the Poisons List shall be deemed to be poisons within the meaning of this Act.

(2) His Majesty the Sultan and Yang Di-Pertuan in Council may, by notification published in the *Gazette*, add to, remove from or reinstate in, the Poisons List any substance.

Licensing Officers.

4. His Majesty the Sultan and Yang Di-Pertuan may appoint any person to be a Licensing Officer, and any person so appointed by him by name or office, may issue licences for the purposes of this Act.

General prohibition with respect to importation and sale of poisons.

5. No person shall without a licence from a Licensing Officer import, possess for sale, sell or offer for sale, any poison.

Prohibitions and provisions relating to sale of poisons.

6. (1) It shall not be lawful for —

(a) any person to sell any poison unless —

- (i) he is licensed under this Act to sell poisons;
- (ii) the sale is effected in accordance with the provisions of the licence and with any conditions specified therein;
- (iii) the sale is effected on the premises specified in the licence;
- (iv) the sale is effected by or under the personal supervision of the person named in the licence; and
- (v) where the poison is one included in Part I of the Poisons List, the sale is effected by or under the personal supervision of a licensed pharmacist or licensed practitioner; or

(b) any person to sell any poison by wholesale except to a person licensed under this Act to sell that poison.

(2) It shall not be lawful for a person to sell any poison unless the container of the poison is labelled —

(a) with the name of the poison;

(b) in the case of a preparation which contains a poison as one of the ingredients thereof, with particulars as to the proportion which the poison contained in the preparation bears to the total ingredients;

(c) with the word “Poison” or other prescribed indication of the character thereof; and

(d) with the name of the seller of the poison and the address of the premises on which it was sold.

(3) Subject to any rules made under this Act, dispensing with or relaxing any of the requirements of this subsection —

(a) it shall not be lawful to sell any poison to any person unless that person is known by the seller or by some person in the employment of the seller at the premises where the sale is effected, or is introduced by some person known to the seller as a person to whom the poison may properly be sold; and

- (b) the seller of any poison shall not deliver it until —
- (i) he has made or caused to be made an entry in a book to be kept for that purpose stating the date of the sale, the name and address of the purchaser and of the person, if any, introducing him, the name and quantity of the substance sold and the purpose for which it is stated by the purchaser to be required; and
 - (ii) the purchaser and the person introducing him, if any, have affixed their signatures to the entry aforesaid.

Exemptions in respect of medicines.

7. (1) Nothing in section 6 shall apply to —

(a) a medicine which is supplied by a registered medical practitioner for the purposes of medical treatment of his own patients;

(b) a medicine which is supplied by a dentist for the purposes of dental treatment of his own patients;

(c) a medicine which is supplied by a veterinary surgeon for the purposes of animal treatment;

(d) a medicine which is dispensed by a licensed pharmacist on the premises specified in his licence; or

(e) a poison forming part of the ingredients of a medicine, except a patent or proprietary medicine, which is supplied by a licensed pharmacist on the premises specified in his licence,

if the requirements contained in subsections (2) and (3) are satisfied in relation thereto.

(2) The medicine must be distinctly labelled with the name and address of the firm or person by whom it is supplied or dispensed and with a serial number or other reference to the entry in the book required to be kept and used regularly under the provisions of subsection (3).

(3) On the day on which the medicine is supplied or dispensed, there must be entered in a book which is kept and used regularly for the purpose of this provision but which need not be used exclusively for that purpose the following particulars —

(a) the date on which the medicine was supplied or dispensed;

(b) the ingredients of the medicine or, if the medicine is a proprietary medicine, the name of the medicine, and the quantity thereof supplied;

(c) if the medicine was dispensed by a licensed pharmacist, the name or initials and, if it is known, the address of the person by whom the prescription was signed, and the name and address of the person to whom, and the date on which the prescription was given; and

(d) if the medicine was not so dispensed, the name and address of the person to whom it was supplied:

Provided that the provisions of this subsection shall, in the case of a medicine supplied on a prescription on which such medicine had been supplied by the seller on a previous occasion, be deemed to be complied with if the date on which the medicine is supplied and the quantity thereof supplied are entered in the book or in a book kept for the purpose of this proviso on that day or, if that is not reasonably practicable, on the day next following that day, together with a sufficient reference to any entry in the book duly recording the dispensing of the medicine by the seller on the first occasion.

(4) In the case of a medicine which is supplied or dispensed by a licensed pharmacist or licensed practitioner the medicine must have been compounded by or under the direct and personal supervision of a licensed pharmacist or licensed practitioner.

Exemptions in respect of sale.

8. Except as provided in any rules made under this Act, nothing in the provisions of section 6(1)(a)(v), (2) and (3), shall extend to or affect —

(a) the sale of poisons by way of wholesale dealing;

(b) the sale of poisons to be exported from Brunei Darussalam;

(c) the sale of poisons to be used by a registered medical practitioner, dentist or veterinary surgeon for the purposes of his profession;

(d) the sale of poisons for use in or in connection with any hospital, dispensary or similar institution approved by an order, whether general or special, of the Director-General of Medical Services;

[GN 273/2002]

(e) the sale of poisons for use by or on behalf of a Government department requiring the article for the purposes of the public service;

(f) the sale of poisons to a person or institution concerned with scientific education or research, if the article is required for the purpose of that education or research; or

(g) the sale of poisons by persons licensed under this Act, either by way of wholesale dealing or for use by the purchasers thereof in their trade or business, to a person who requires the poison —

- (i) for the purpose of his trade or business; or
- (ii) for the purpose of enabling him to comply with any requirements made by or in pursuance of any written law with respect to the medical treatment of persons employed by that person in any trade or business carried on by him.

Possession of poisons.

9. (1) No person, whether licensed under this Act or not, shall knowingly keep or have in his possession or under his control any poison otherwise than —

(a) in an unbroken case or package as received from the manufacturer; or

(b) in a bottle, vessel, box, package or other receptacle distinctly labelled with the name of the substance contained therein and also bearing some distinction or mark indicating that it contains poison.

(2) In any proceeding under this section, if any person is proved to have kept or had in his possession or under his control any poison, he shall be deemed to have done so knowingly unless the contrary is proved by him.

(3) No person shall keep any poison for sale or for dispensing purposes except —

(a) as provided in subsection (1)(a);

(b) in a bottle or other vessel tied over, capped, locked or otherwise safely secured in a manner different from that in which bottles or vessels containing non-poisonous substances are secured in the same warehouse, shop or dispensary;

(c) in a bottle or other vessel readily distinguishable by touch from the bottles or vessels in which non-poisonous substances are kept in the same warehouse, shop or dispensary; or

(d) in a bottle, vessel, box or package kept in a room or cupboard under lock and key set apart for the keeping or storage of dangerous substances.

Issue of licences.

10. (1) A Licensing Officer may issue to any person, subject to such special conditions and limitations as the Licensing Officer may think fit, any of the licences referred to in section 11:

Provided that no licences shall be issued to a medical practitioner other than licences to import, possess, and sell poisons by retail in his own personal practice or business, or in a practice or business partnership of which every member is a medical practitioner.

(2) A Licensing Officer, if it appears expedient to him to do so, may cancel any licence issued under subsection (1).

(3) Every licence shall, unless previously cancelled, remain in force until the 31st December in the year in respect of which the licence is issued.

(4) Such fees as may be prescribed shall be charged on the issue of each licence.

(5) Any person to whom a Licensing Officer refuses to issue a licence or whose licence is cancelled under subsection (2) may appeal to His Majesty the Sultan and Yang Di-Pertuan in Council whose decision shall be final and conclusive.

Different kinds of licence.

11. (1) Licences may be —

- (a) licences to import and store poisons;
- (b) wholesale and retail licences to deal generally in poisons;
- (c) wholesale licences to keep and sell by wholesale the poisons specified in such licences; or
- (d) retail licences to keep and sell the poisons specified in such licences.

(2) There shall be implied in every licence issued under this Act, the condition that the licensee is bound to comply —

- (a) with all the terms and conditions set out in the licence;
- (b) with all the provisions of this Act; and
- (c) with all the provisions of any rule that may from time to time be made under this Act.

(3) For the purposes of this section, “to keep” shall include the custody of poisons by a licensee in the course of his employment.

(4) Every licence issued under this Act shall be personal to the licensee named therein and shall not in any case be transferable to another person and no licence shall authorise the sale of any poison by any person other than the person named therein:

Provided that it shall be lawful for a Licensing Officer, if he sees fit, to amend the description on a licence of the premises at which the person licensed carries on the business or profession in connection with which he is licensed.

Licences to be numbered and registered.

12. (1) All licences issued in Brunei Darussalam shall be numbered consecutively in the year in respect of which they are issued, commencing each year with the number one.

(2) Each Licensing Officer shall keep a register of licenses issued by him showing all the particulars of each licence granted by him and the entries in the register shall be numbered to correspond with the serial numbers of the licences and there shall be noted in the register, in the event of the cancellation of any licence, the date of such cancellation.

(3) Any extract from or copy of an entry in a register kept under this section shall, until the contrary is proved, be evidence of the facts stated therein if such extract or copy is certified under the hand of a Licensing Officer to be a true extract or copy.

Annual list to be published.

13. (1) The Director-General of Medical Services shall in or about the month of February in each year cause to be printed and published in the *Gazette* lists of all persons licensed under this Act with the nature of the licence or licences granted to each such person, and specifying the profession or business and the premises in respect of which such licences have been granted. Lists of all such licences issued after the publication of the annual list shall from time to time be published in the *Gazette*.

[GN 273/2002]

(2) In such lists the names shall be in alphabetical order, according to the surname or *seh* when such name or its equivalent is used by the licensed person, and otherwise according to the personal name of the licensed person followed by his father's name.

(3) Every list so published as aforesaid shall be evidence that the persons therein named are licensed under this Act as therein stated and the absence of any name from such list shall be evidence until the contrary has been proved that such person is not licensed under this Act.

Forms of licence.

14. Licences issued under this Act shall be substantially in the forms prescribed with such variations as circumstances may require.

Search and search warrants.

15. (1) A Licensing Officer or any officer of the Medical Department authorised in writing by a Licensing Officer or any police officer not below the rank of Inspector, or any officer of the Bureau not below the rank of Chief Narcotics Officer or any officer of the Bureau authorised by such an officer, may enter at all reasonable times upon any premises in which poisons are reasonably believed by such officer to be kept or stored and by himself or by some other person accompanying him and acting under his instructions and in his presence may search such premises and take samples of any substance found therein and reasonably believed to be or to contain a poison.

[S 16/1996]

(2) Any officer referred to in subsection (1) may in like manner inspect and take extracts from any book or record relating or reasonably believed to relate to any dealing in or with poisons wherever and by whomsoever kept and whether kept under the provisions of this Act or of any rules made thereunder or otherwise and for the purpose of such inspections or taking of extracts may enter at all reasonable times upon any place whatsoever.

(3) In any case in which it shall appear to any Magistrate upon the oath of any person that there is reasonable cause to believe that in any premises there is concealed or deposited any substance in respect of which an offence has been committed against this Act, the Magistrate may, by warrant addressed to any police officer not below the rank of Inspector or to any senior officer of customs, or to any officer of the Bureau not below the rank of Chief Narcotics Officer or to any officer of the Bureau authorised by such an officer, empower such officer to —

(a) enter upon and search by day or night any premises within the jurisdiction of the Magistrate and to take possession of any such substance; and

(b) arrest any person being in the premises in whose possession the substance may be found or who is reasonably suspected by the officer to have concealed or deposited the substance therein,

and any officer to whom such warrant may be directed may in case of obstruction or resistance —

- (i) break open any outer or inner door of such premises and any cupboard, chest, trunk or package or other receptacle; and
- (ii) by force, if necessary, enter upon any part of the premises and remove any obstruction to the entry, search or seizure and detain any person found in the premises until the search has been completed.

[S 16/1996]

(3A) Without prejudice to any other provision of this Act, an officer of the Bureau shall, in any case relating to the commission of an offence against this Act, have all the powers of a police officer under the Criminal Procedure Code (Chapter 7) in relation to an investigation into any seizable offence.

[S 16/1996]

(4) In this section “senior officer of customs” has the same meaning as in the Customs Order, 2006 (S 39/2006).

Powers of exemption.

16. His Majesty the Sultan and Yang Di-Pertuan in Council may by order published in the *Gazette* exempt from the operation of this Act or of any specific provision thereof or rule made thereunder —

- (a) any specified persons or class of persons; or
- (b) any chemical commonly used in connection with a trade, manufacture or industry,

but every such exemption shall be subject to such instructions and conditions as His Majesty the Sultan and Yang Di-Pertuan in Council may think fit to impose either generally or in any particular case.

Penalties.

17. (1) Any person who acts in contravention of any of the provisions of this Act or of any rule or order made thereunder, shall except in so far as his act comes within one of the exemptions made under sections 7 and 8, is guilty of an offence and liable on conviction to a fine of \$8,000 or, in default of payment, imprisonment for 6 months:

Provided that if the act or omission charged amounts, in the opinion of the court before which he is tried, to such a degree of negligence as to endanger or be likely to endanger, human life, then such person is guilty of an offence and liable on conviction to a fine of \$16,000 and imprisonment for 12 months.

(2) Any person who would have been guilty of an offence against the provisions of this Act or of any rule or order made thereunder if anything had been done or omitted by him personally is guilty of such offence and liable to the same penalty if such thing had been done or omitted by his partner, agent or servant, unless he proves to the satisfaction of the court that he took all reasonable precautions to prevent the doing or omission of such thing; but so that nothing in this subsection shall affect the liability of such partner, agent or servant, and provided that the liability of such person shall not extend to imprisonment unless he is privy to the offence.

(3) Where any person convicted of an offence against the provisions of this Act or of any rule or order made thereunder is a body corporate, every person who, at the time of commission of the offence, was a director, manager, secretary or other officer of the body corporate, or was purporting to act in any such capacity, shall be deemed to be guilty of that offence unless he proves that the offence was committed without his knowledge, or that he exercised all due diligence to prevent the commission of the offence.

(4) Any poison in respect of which an offence has been committed by any unlicensed person in contravention of any provision of this Act or of any rule or order made thereunder shall, upon that person being convicted of the offence, be forfeited and shall be handed over to the Director-General of Medical Services for disposal.

[GN 273/2002]

(5) Every penalty or forfeiture imposed under this Act shall be in addition to and not in substitution for any other penalty to which the accused may be liable under any other law and no conviction under this Act shall be pleaded in any civil proceedings in mitigation of damages claimed against the person convicted.

Jurisdiction.

18. The Court of a Magistrate shall have jurisdiction to hear jurisdiction and determine all prosecutions under this Act and, notwithstanding anything to the contrary contained in the Criminal Procedure Code (Chapter 7), the

Court shall have power to impose the full penalty or punishment provided by this Act.

Prosecutions.

19. (1) No prosecution for any offence under this Act or any rule made thereunder shall be instituted except with the sanction of the Public Prosecutor or a Deputy Public Prosecutor.

(2) In any prosecution under this Act, the burden of proving that any poison found in the possession of the accused was not kept for sale shall be upon the accused.

Prohibition of sale to persons under 18.

20. (1) No poison shall be sold to any person under 18 years of age.

(2) Any person contravening the provisions of this section is guilty of an offence and liable on conviction to a fine of \$4,000 or imprisonment for 6 months.

(3) It shall be a sufficient defence to any charge under subsection (1) that the person charged had reasonable cause to believe that the person to whom such sale was made was above the age of 18 years.

Rules.

21. His Majesty the Sultan and Yang Di-Pertuan in Council may make rules to carry out the purposes of this Act and, in particular, but without prejudice to the generality of the foregoing powers, may make rules with respect to any of the following matters or for any of the following purposes —

(a) the importation, use and control of poisons, and any precautionary measures relating thereto;

(b) the manufacture of preparations containing poisons;

(c) the sale, whether by wholesale or retail, or the supply of poisons, by or to any person or class of persons, including —

(i) regulating or restricting the sale or supply of poisons by persons licensed under section 11(1)(c) or (d) and

- prohibiting the sale of any specified poison or class of poisons by any class of such persons;
- (ii) prohibiting the sale by retail of poisons included in Part I of the Poisons List except on a prescription duly signed by a licensed practitioner, licensed dentist or licensed veterinary surgeon, and prescribing the form and regulating the use of prescriptions given for the purpose of rules made under this paragraph; and
 - (iii) dispensing with or relaxing with respect to any specified poison any of the provisions contained in this Act or in any rule made thereunder relating to the sale of poisons;
- (d) the storage, transport and labelling of poisons;
- (e) the containers in which poisons may be sold or supplied;
- (f) the addition to poisons of specified ingredients for the purpose of rendering them readily distinguishable as poisons;
- (g) the compounding and dispensing of poisons;
- (h) the period for which any books required to be kept for the purposes of this Act are to be preserved;
- (i) requiring persons in control of the manufacture of pharmaceutical preparations containing poisons to be licensed pharmacists or persons possessing prescribed qualification in chemistry;
- (j) prescribing the coverings, stoppers and fastenings of and the marks to be placed or made on or on the coverings of or on the labels affixed to any vessel, bottle, case, package, box or other receptacle or container whatsoever in which any poison is kept, stored, sold or in any way dealt with;
- (k) prescribing the form of licences, registers and returns; and
- (l) fixing fees and exempting any person or body of persons from the payment of such fees.

SCHEDULE

[S 28/2001]

(sections 2 and 3)

POISONS LIST

In the construction of this list, unless the contrary intention appears —

1. A reference to a substance shall include a reference to that substance prepared either from natural sources or synthetically or artificially.
2. A reference to a substance shall include a reference to that substance when contained as such in any preparation, solution, admixture or natural substance.

PART I

Acebutolol
Acepromazine; its salts
Acetanilide; alkyl acetanilides
Acetazolamide; its salts
Acetohexamide
Acetorphine; its salts; its esters and ethers; their salts
Acetylcarbromal
Acetylcholine chloride
Acetylcysteine
Acetyldigoxin
Acetyldihydrocodeine; its salts
Acetymethadol; its salts
Acetyl-alpha-methyl fentanyl
Aclofenac
Acyclovir
Adenosine; its salts
Adiphenine hydrochloride
Adrenaline and its derivatives
Alcuronium chloride
Alfentanil hydrochloride
Algestone
Alkyl flourides other than those specified in Part II of this list
Alkaloids, the following; the quaternary compounds, any salt simple or complex, or any substance falling within the following —
 Aconite, alkaloids of
 Atropine
 Belladonna, alkaloids of
 Brucine
 Calabar Beans, alkaloids of
 Cocaine

SCHEDULE

PART I — *(continued)*

Codeine, its esters and ethers
Colchicum, alkaloids of
Coniine
Cotarnine
Curare, alkaloids of; curare bases
Ecgonine, its esters and ethers
Emetine
Ephedra, alkaloids of, including synthetic preparations
Ergot, alkaloids of; hydrogenated or not; their homologues
Gelsemium; alkaloids of
Homatropine
Hyoscine
Hyoscyamine
Jaborandi, alkaloids of
Lobelia, alkaloids of
Morphine, its salts; its esters and ethers; their salts
Nicotine
Noscapine
Nux vomica, alkaloids of
Papaverine
Pomegranate, alkaloids of
Physostigmine
Quebracho, alkaloids of, other than the alkaloids of Red Quebracho
Rauwolfia, alkaloids of; their derivatives
Sabadilla, alkaloids of
Solanaeous alkaloids not otherwise included in this list
Stavesacre, alkaloids of
Strychnine, its salts and quaternary compounds
Thebaine
Veratrum, alkaloids of
Vinca, alkaloids of; including synthetic preparations
Yohimba, alkaloids of
Allobarbitone; its salts
Allopurinol
Allylisopropylacetylurea
Allylprodine; its salts
Alminoprofen
Almitrine
Alphacetylmethadol; its salts
Alphachloralose
Alphadolone; its salts
Alphameprodine; its salts
Alphamethadol; its salts

SCHEDULE

PART I — (continued)

Alpha-methylfentanyl
Alphaprodine; its salts
Alphaxolone
Alprenolol; its salts
Alseroxylon
Amantadine; its salts
Ambenonium chloride
Ambroxol; its salts
Ambuside
Ambutonium bromide
Amcinonide
Ametazole hydrochloride
Amethocaine; its salts
Amfepramone; its salts
Amiloride; its salts
Amidopyrine, its salts; amidopyrine sulphonates; their salts
Amineptine
Amino-alcohols esterified with benzoic acid, phenylacetic acid, cinnamic acid, or the derivatives of these acids; their salts
p-Aminobenzenesulphonamide; its salts; derivatives of p-aminobenzenesulphonamide having any of the hydrogen atoms of the p-amino group or of the sulphonamide group substituted by another radical; their salts
Aminocaproic acid
P-Aminobenzoic acid, esters of; its salts
Aminometradine
Aminophylline
Aminoprofen
Aminoglutethemide
P-Aminosalicyclic acid; its salts
Aminotradine
Amipaque
Amiphenazole; its salts
Aminopterin
Aminorex; its salts
Amiodarone; its salts
Amisometradine
Amitriptyline; its salts
Amlodipine
Ammonium bromide
Amoxapine
Amphetamine; its salts
Amrinone lactate
Amsacrine (M-AMSA)

SCHEDULE

PART I — *(continued)*

Amygdalin
Amyl nitrite
Amylocaine; its salts
Ancrod
Angiotensin amide
Anileridine; its salts
Antibiotics, all substances of; including synthetic preparations; their salts
Antihistamine substances the following; their salts; their homologues and analogues,
their molecular compounds —
 Acrivastine
 Antazoline
 Astemizole
 Azatadine
 Bamipine
 Bromodiphenhydramine
 Brompheniramine
 Buclizine
 Carbinoxamine
 Cetirizine
 Chlorcyclizine
 Chlorpheniramine
 Cimetidine; its salts
 Cinnarizine
 Clemastine
 Clemizole
 Cyclizine
 Cyproheptadine
 3-D-n-butylaminomethyl-4,5,6-trihydroxyphthalide
 3-dibutylaminomethyl-4,5,6-trihydroxy-1-isobenzafuranone
 Dimethylpyridine
 Diphenhydramine
 Diphenylpyraline
 Doxylamine
 Isothipendyl
 Loratadine
 Mequitazine
 Mebhydrolin
 Meclastine
 Meclozine
 Phenindamine
 Pheniramine
 Phenyltoloxamine
 Promethazine

SCHEDULE

PART I — *(continued)*

Pyrrobutamine
Ranitidine
Terfenadine
Thenalidine
Tolpropamine
Triprolidine
Substances being tetra-N-substituted derivatives of ethylenediamine or propylenediamine
Antimony, chlorides of, antimonates, organic compounds of antimony
Apiol
Apomorphine; its salts
Apronalide
Aprotinin
Arsenical substances, the following, except those specified in Part II of this list; halides of arsenic, oxides of arsenic, arsenates, arsenites, organic compounds of arsenic
L-Asparaginase
Arsphenamine
Atracurium; its salts
Atenolol
Atorvastatin
Auranofin
Azacyclonol; its salts
Azaperone
Azapropazone
Azathioprine; its salts
Baclofen
Barbituric acid; its salts; derivatives of barbituric acid; their salts, compounds of barbituric acid; its salts, its derivatives, their salts, with any other substance
Barium, salts of, other than barium sulphate and the salts of barium specified in Part II of this list
Beclamide
Bemegride
Benactyzine; its salts, its quaternary compounds
Benapryazine; its salts
Bencyclane; its salts
Bendrofluazide
Benfluorex
Benoxaprofen
Benperidol
Benserazide hydrochloride
Benthiazide
Benzamidosalicylic acid; its salts
Benzbromarone

SCHEDULE

PART I — *(continued)*

Benzethidine; its salts
Benzhexol
Benzilonium
Benzoctamine
Benzoestrol
Benzoquinonium chloride
Benzocaine
Benzoylmorphine; its salts
N-Benzoyl sulphanilamide
Benzphetamine; its salts
Benzquinamide
Benztropine and its homologues; their salts
Benzydamine; its salts
Benzylmorphine; its salts
Bepridil; its salts
Berberine; its quaternary compounds; their salts
Betacetylmethadol; its salts
Betahistine; its salts
Betameprodine; its salts
Betamethadol; its salts
Betaprodine; its salts
Betaxolol; its salts
Bethanecol chloride
Bethanidine; its salts
Bevonium; its salts
Bezafibrate
Bezitramide; its salts
Biperidine; its salts
Bisoprolol; its salts
Boldenone undecylenoate
Bopindolol
Bretylium; its salts
Bromazepam
Bromhexine hydrochloride
Bromide, inorganic; including ammonium, for therapeutic use
Bromocryptine mesylate
4-Bromo-2,5-dimethoxy- α -methylphenethylamine
Bromvaletone
Brotizolam
Brucine; its quaternary compounds; their salts
Bucolome
Budesonide
Bufexamac

SCHEDULE

PART I — (continued)

Buflomedil; its salts
Buformin; its salts
Bufotenine; its salts; its esters and ethers; their salts
Bumadizone; its salts
Bumetanide
Buphenine hydrochloride
Bupivacaine; its salts
Bupranolol; its salts
Buprenorphine; its salts
Buspirone; its salts
Busulphan; its salts
Butacaine sulphate
Butalbital
Butamirate; its salts
Butanilicaine
Butinoline; its salts
Butofenine; its salts; its esters and ethers; their salts
Butorphanol; its salts
Butrophiium; its salts
Butriptyline hydrochloride
Butyl aminobenzoate
Butylchloral hydrate
Cabimicina; its salts; its esters; their salts
Calcitonin
Calcitriol
Calcium 5-alkyl-5-N-Butyl-barbiturate
Calcium carbimide
Calcium metrizoate
Camylofin; its salts
Candididin; its salts; its esters; their salts
Cannabinol and its tetrahydrol derivatives, prepared wholly or partly by synthesis; their 3-alkyl homologues; their esters or ethers; their salts
Cannabis (the whole plant, or any part there of Cannabis Sativa; Linn); the resin of cannabis; tinctures of cannabis; cannabis tannate
Cantharidin
Cantharidates
Captodiamine; its salts
Captodiamine; its salts
Captopril
Caramiphen; its salts
Carbachol
Carbamazepine
Carbetapentane; its salts

SCHEDULE

PART I — *(continued)*

Carbarsone
Carbenoxolone; its salts
Carbidopa
Carbimazole
Carbinoxamine
Carbocisteine
Carboplatin
Carbromal
Carbutamide; its salts
Carisoprodol
Carmustine; its salts
Carperidine; its salts
Carprofen
Carteolol; its salts
Cathine
Cathinone
Chenodeoxycholic acid
Chlophedianol; its salts
Chloral; its addition and condensation products other than alphachloralose; their molecular compounds
Chlorambucil
Chlorbenzsulphonyl-Pyrrolidinourea (CBPU)
Chlordiazepoxide; its salts
Chlorhexadol
Chlormadinone; its salts
Chlormerodrine
Chlormethiazol; its salts
Chlormezanone; its salts
Chloroform
Chlorophylline
Chlorpromazine; its salts
Chlorquinaldol
Chloroquine; its salt
Chorionic gonadotrophin
Chlorothiazide and other derivatives of benzo-1,2,4-thiadiazine-7-sulphonamide 1,1 dioxide, whether hydrogenated or not
Chlorphenoxamine; its salts
Chlorphentermine; its salts
Chlorpropamide; its salts
Chlorprothixene and other derivatives of 9-methylenethiaxanthen; their salts
Chlorthalidone and other derivatives of 0-chlorobenzene sulphonamide
Chlorzoxazone
Cholestyramine

SCHEDULE

PART I — *(continued)*

Chymotrypsin
Ciclonium; its salts
Cilastatin
Cinchocaine
Cincophen and other substances structurally derived from 4-quinoline-carboxylic acid unless specified elsewhere in the list; their salts and esters
Cinepazide; its salts
Cisplatin
Clebopride
Clidinium; its salts
Clioquinol and other halogenated hydroxyquinoline compounds
Clobazam
Clobenzorex
Clobetasol; its salts; its esters; their salts
Clobetasone; its salts; its esters; their salts
Clobutinol; its salts
Clofazimine
Clofexamide
Clofibrate
Clomiphene; its salts
Clomipramine; its salts
Clonidine; its salts
Clonitazene
Clopamide
Clopenthixol; its salts
Cloperastine; its salts
Cloprostenol; its salts
Clorazepate
Clorexolone
Clorprenaline; its salts
Clostebol; its salts
Clotiapine
Clotiazepam
Clotrimazole
Clozapine
Codergocrine; its salts
Codoxime; its salts
Colestipol hydrochloride
Colistin; its salts
Coptis teeta
Corticotrophins, natural and synthetic
Cortisone, hydrocortisone, prednisolone, derivatives of these with hydroxyl, alkyl groups or halogens as substituents, ethers and salts of esters of such derivatives

SCHEDULE

PART I — *(continued)*

Coumarin
Creosote obtained from wood
Cropropamide
Crotethamide
Croton, oil of
Curare
4-Cyano-2-dimethylamino-4,di-diphenylbutane; its salts
4-Cyano-1-methyl-4-phenylpiperidine; its salts
Cyclarbamate
Cyclobarbitone
Cyclofenil
Cyclopenthiiazide
Cyclopentolate hydrochloride
Cyclophosphamide
Cyclosporin
Cyclothiazide
Cycrimine; its salts
Cyproterone; its salts
Cysteamine
Cytarabine; its salts
Dacarbazine
Danazol
Danthron
Dantrolene sodium
Dapsone; its salts
Daunorubicin; its salts
Deanol; its salts
Debrisoquine; its salts
Decamethonium; its salts
Dehydroemetine; its salts
Dehydroepiandrosterone
Delmadinone; its salts
Demecarium bromide
Deoxycortone; its salts
Deprodone; its salts; its esters; their salts; any acetyl derivatives and its salts
Deptropine; its salts; its esters; their salts
Deserpidine; its salts
Desferrioxamine; its salts
Desfluorotriamcinolone
Desipramine; its salts
Deslanoside
Desmopressin
Desomorphine; its salts; its esters and ethers; and their salts

SCHEDULE

PART I — *(continued)*

Desonide
Dexetimide
Dexfenfluramine
Dextromethorphan; its salts
Dextromoramide; its salts
Dextrophan; its salts
Dextropropoxyphene; its salts
Dextrothyroxine sodium
Diacetylmorphine; its salts
Diacetylnalorphine; its salts
Diamines, the following; their salts; phenylene diamines; tolylene diamines; other derivatives of benzene diamines
Diamino-diphenylsulphones; their salts; their derivatives
Diamorphine; its salts
Diampromide; its salts
Diazepam and other compounds containing the chemical structure of di-hydro-1,4 benzodiazepine substituted to any degree; their salts
Diazoxide; its salts
Dibenzepin; its salts
Dichloralphenazone
Dichlorophenarsine; its salts
Dichlorphenamide; its salts
Diclofenac; its salts
Dicyclomine; its salts
Dienoestrol
Diethanolamine fusidate
Diethazine; its salts
Diethylamine acetarsol
N-Diethylaminoethyl ephedrine; its salts
N, N-Diethyltryptamine (DET); its salts
Diethylcarbamazine
Diethylpropion hydrochloride
Diethylthiambutene; its salts
N, N-Diethyltryptamine (DET)
Difenoxin
Difenpiramide
Diflunisal
Digitalis, glycosides of; other active principles of digitalis
Dihdrallazine; its salts
Dihydrocodeine; its salts; its esters and ethers; their salts
Dihydrocodeinone; its salts
Dihydroergocristine
Dihydroergotamine; its salts

SCHEDULE

PART I — (continued)

Dihydroergotoxine; its salts
Di-iodohydroxy quinolone
Diloxanide furoate
Diltiazem; its salts
Dihydromorphine; its salts; its esters and ethers; their salts
Dimenhydrinate
Dimenoxadol; its salts
Dimepheptanol; its salts; its esters and ethers; their salts
Dimepropion
Dimercaprol
Dimethindene; its salts
Dimethisoquin hydrochloride
Dimethothiazine mesylate
Dimethoxanate; its salts
Dimethoxybromoamphetamine (DOB)
2,5-Dimethoxy-4-methylamphetamine (BOB or STP)
2,5-Dimethoxyamphetamine (DMA)
2,5-Dimethoxy- α , 4-dimethylphenethylamine; its salts
2,5-Dimethoxy-4-ethylamphetamine (DOET)
3-[1,2-Dimethylheptyl-1-hydroxy-7,8,9,10-tetrahydro-6,9-dimethyl-6H dibenzo (b,d)
pyran] (DMPH)
Dimethyl sulphoxide
Dimethyl 4-sulphamoylphenyl phosphorothionate
Dimethylthiambutene; its salts
N,N-Dimethyltryptamine (DMT); its salts
Dimethyltubocurarine; its salts
Dimetofrina
Dinitrothymols
Dinitrocresols; their salts
Dinitronaphthols
Dinitrophenols
Dinoprost trometamol
Dinoprostone
Dioxaphetyl butyrate; its salts
Diperodon; its salts
Diphenoxylate; its salts
Diphenylpyraline; its salts
Diphthetarsonic
Dipipanone; its salts
Dipotassium chlorazepate
Dipernorphine hydrochloride
Diprophylline
Dipyridamole

SCHEDULE

PART I — *(continued)*

Dipyrone
Disodium etidronate
Disopyramide
Distigmine; its salts
Disulfiram
Disulphamide
Dithienylallylamines, dithienyl-alkylallylamines, their salts
Dobutamine
Domperidone
Dopamine; its salts
Dothiepin; its salts
Doxapram; its salts
Doxepin; its salts
Doxorubicin; its salts
Droperidol
Dropropizine
Drotaverine
Drotebanol
Dyflos
Econazole
Ecothiopate iodine
Ethylbiscoumacetate
Ectylurea
Edrophonium chloride
Elaterin
Embramine; its salts
Emepromium bromide
Emepromium chloride
Embutramide
Emylcamate
Enalapril; its salts
Enflurane
Enphenamic acid; its salts
Eperisone
Epimestrol
Epioestriol
Epirubicin
Epithiazide
Ergometrine; its salts
Ergotamine; its salts
Ergotoxine; its salts
Erythryl tetranitrate
Estazolam

SCHEDULE

PART I — *(continued)*

Estramustine phosphate
Etafedrine; its salts
Ethacrynic acid; its salts
Ethambutol; its salts
Ethamivan
Ethamsylate
Ethchlorvynol
Ethebenecid
Ether, for anaesthetic use
Ethiazide
Ethinamate
Ethionamide
Ethoglucid
Etoheprazine; its salts
Etoheptazine; its salts
Ethopropazine; its salts
Ethosuximide
Ethotoin
Ethylacetanilide
N-Ethylamphetamine; its salts
Ethyl biscoumacetate
Ethylidene diacetate
Ethylmethylthiambutene
Ethylmorphine; its salts; its esters and ethers; their salts
Ethylnoradrenaline; its salts
Ethylstibamine
Eticyclidine or PCE; its salts
Etodolac
Etofibrate
Etomidate; its salts
Etonitazene; its salts
Etophylline; its salts
Etoposide
Etorphine; its salts; its esters and ethers; their salts
Etoxidine; its salts
Etretrate
Etrodinate disodium
Etryptamine
Famotidine
Famprofazone
Fazadinium bromide
Felodipine
Fenbufen

SCHEDULE

PART I — *(continued)*

Fencamfamin; its salts
Fenclofenac
Fenetylline
Fenfluramine; its salts
Fenofibrate
Fenoprofen; its salts
Fenoterol
Fenpipramide; its salts
Fenpiprane hydrochloride
Fenproporex
Fentanyl; its salts
Fentiazac
Fenprazone
Flavoxate; its salts
Flecainide; its salts
Floctaphenine
Fluanisone; its salts
Flubendazole
Flucytosine
Flufenamic acid; its salts; its esters; their salts
Flumazenil
Flunarizine; its salts
Flunitrazepam; its salts
Fluopromazine; its salts
Fluoroacetamide
Fluroacetanilide
Fluorouracil; its salts
Fluoxetine
Flupenthixol, its salts
Fluprostenol; its salts
Flurazepam; its salts
Flurbiprofen
Fluspirilene
Flutamide
Fractionated blood products (plasma proteins obtained through a chemical manufacturing process for use on patients)
Frusemide
Furaltadone
Furazolidone
Furethidine
Fusafungine
Gallamine; its salts; its quaternary compounds
Gemfibrozil

SCHEDULE

PART I — *(continued)*

Glaphenine
 Glibenclamide; its salts
 Glibornuride; its salts
 Gliclazide
 Glipizide
 Gliquidone; its salts
 Glucagon
 Glutethimide; its salts
 Glyceryl trinitrate
 Glycopyrrolate
 Glymidine
 Guanethamide; its salts
 Guanethidine; its salts
 Guanfacine; its salts
 Guanidines, the following —
 Polymethylene diguanidines di-p-anisyl-p-phenetylguanidine
 Guanoclor; its salts
 Guanoxan; its salts
 Haloperidol and other 4-substituted derivatives of N-(3-p-fluorobenzoylpropyl)
 piperidine
 Halothane
 Heparin
 Hexacarbacholine bromide
 Hexachlorophene
 Hexafluoronium bromide
 Hexahydro-adiphenine; its salts
 Hexakis zinc
 Hexamethonium; its salts
 Hexapropymate
 Hexobendine; its salts
 3-Hexyl-hydroxy-7,8,9,10-tetrahydro-6,6,9-trimethyl 6H-dibenzo(b,d) pyran
 (parahexyl)
 Hydrallazine; its salts
 Hydrazines, benzyl, phenethyl and Phenoxyethyl their α -methyl derivatives; acyl
 derivatives of any of the foregoing substances comprised in this item; salts of any
 compounds comprised in this item
 Hydrocodone; its salts
 Hydrocyanic acid; cyanide, other than ferrocyanides and ferricyanides
 Hydromorphanol; its salts; its esters and ethers; their salts
 Hydromorphone; its salts; its esters and ethers; their salts
 Hydroxycinchonic acids; derivatives of; their salts; their esters
 Hydroxy-N, N-dimethyltryptamines; their esters or ethers, any salts of any substances
 falling within this item

SCHEDULE

PART I — *(continued)*

8-[N-(2-hydroxymethyl-aminol)]-1,3,7 trimethylxanthine
Hydroxypethidine; its salts; its esters and ethers; their salts
Hydroxyphenamate
Hydroxyquinoline; its salts; its derivatives; their salts
Hydroquinone
Hydroxyurea
Hydroxyzine; its salts
Ibuprofen
Idoxuridine
Idrocilamide
Ifenprodil
Ifosfamide
Imipramine
Indanozoline; its salts
Indapamide
Indomethacin; its salts
Indoprofen
Indoramin hydrochloride
Inositol nicotinate
Insulin
Interferon
Iodamide
Iopamidol
Ipratropium; its salts
Iprindole; its salts
Iproniazid; its salts
Isoaminile; its salts
Isocarboxazid; its salts
Isoconazole; its salts
Isoetharine; its salts
Isoflurane
Iso-lysergamide
Isomethadone (isoamidone); its salts
Isometheptene
Isoniazid; its salts; its derivatives; their salts
Isoprenaline; its salts
Isopropamide; its salts
Isopyrin
Isotretinoin
Isoxicam
Ketamine; its salts
Ketobemidone; its salts; its esters and ethers; their salts
Ketoconazole

SCHEDULE

PART I — *(continued)*

Ketoprofen
Ketotifen
Khellin
Labetalol hydrochloride
Laetrile
Lanatoside C
Laudexium; its salts
Lead acetate; compounds of lead acids from fixed oils
Lefetamine or SPA or 1, 1-dimethylamino-1, 2-diphenyl ethane
Leptazol
Leucovorin; its salts
Levodopa; its salts
Levallorphan; its salts
Levamphetamine; its salts
Levomethamphetamine
Levomethorphan; its salts
Levomoramide; its salts
Levophenacylmorphan; its salts; its esters and ethers; their salts
Levorphanol; its salts; its esters and ethers; their salts
Lidoflazine
Lignocaine; its salts
Liothyronine sodium
Lisinopril
Lithium carbonate; sulphate
Lofepamine
Lomustine; its salts
Lonazolac; its salts
Loperamide; its salts
Lorphan; its optical isomers; their salts
Lovastatin
Lypressin
Lysergamide
Lysergic acid diethylamide
Lysergide and other N-alkyl derivatives of lysergamide; their salts; their quaternary compounds
Lysuride; its salts
Mafenide; its salts
Mannitylhexanitrate; dimesylate
Mannoumustine; its salts
Maprotiline
Mazindol
Mebanazine; its salts
Mebendazole

SCHEDULE

PART I — *(continued)*

Mebeverine hydrochloride
Mebezonium iodide
Mebutamate
Mecamylamine; its salts
Meclofenamate
Meclofenoxate; its salts
Mecloqualone
Meclozamine
Mefenamic acid; its salts; its esters; their salts
Mefloquine; its salts
Mefruside
Mefenorex
Megestrol; its salts
Melatonin
Melinamide
Melitracen
Melphalan
Mephentermine; its salts
Mepenzolate bromide
Mepivacaine hydrochloride
Mephesisin; its esters
Meprobamate
Mepyramine; its salts
Mequitazine
Mercaptopurine; its salts derivatives of mercaptopurine; their salts
Mercury; oxides of; nitrates of mercury; mercuric ammonium chlorides; potassiummercuric iodides; organic compounds of mercury; which contain a methyl (CH₃) group directly linked with the mercury atom, mercuric oxycyanides; mercury thiocyanate
Mersalyl
Mescaline or 3, 4, 5-trimethoxyphenethylamine; its salts
Mesocarb
Mesoridazine
Mestanolone
Mestranol
Metabutethamine
Metahexamide
Metamphetamine; its salts
Metaraminol tartrate
Metaxalone
Metazocine; its salts; its esters and ethers; their salts
Metformin; its salts
Methacholine; its salts

SCHEDULE

PART I — *(continued)*

Methadone (amidone); its salts
Methadyl acetate; its salts
Methanthelinium bromide
Methapyrilan; its salts
Methaqualone; its salts
Methcathinone
Methdilazine hydrochloride
Methimazole; its salts
Methindizate hydrochloride
Methisazone
Methisoprinol
Methixene; its salts
Methocarbamol
Methoserpedine
Methohexitone
Methotrexate; its salts
Methoxamine hydrochloride
Methoxsalen
10-Methoxydeserpidine
5-Methoxy-3, 4-methylene-dioxyamphetamine
Methoxyphenamine; its salts
Methsuximide
Methylaminoheptane; its salts
Methylamphetamine; its salts
Methyl benzoate
Methyl-desorphine; its salts; its esters and ethers; their salts
Methyldihydromorphine; its salts; its esters and ethers; their salts
Methyldopa
Methyldopate; its salts
Methylenedioxy amphetamine (MDA)
3, 4-Methylenedioxy metamphetamine (MDMA)
N-Methylephedrine camsylate
2-Methyl-3-morpholino-1, 1-diphenyl-propane carboxylic acid; its salts; its esters; their salts
Methylpentynol; its esters and other derivatives
 α -Methylphenethylamine, β -methylphenethylamine and α -ethylphenethylamine; any synthetic compound structurally derived from any of those substances by substitution in the aliphatic part or by ring closure therein (or by both such substitution and such closure) or by substitution in the aromatic ring (with or without substitution at the nitrogen atom), except ephedrine, its optical isomers and *N*-substituted derivatives, fenfluramine, hydroxyamphetamine, methoxyphenamine, phenylpropanolamine, pholedrine and prenylamine; any salt of any substance falling within this item

SCHEDULE

PART I — (continued)

1-Methyl-4-phenylpiperidine-4-carboxylic acid; esters of; their salts
1-Methyl-4-Phenyl-4-piperidinol propionate (MPPP)
Methylphenidate; its salts
Methypylone
Methysergide
Metipranolol
Metiprolol; its salts
Metoclopramide; its salts
Metolazone
Metomidate hydrochloride
Metopon; its salts; its esters and ethers; their salts
Metoprolol tartrate
Metronidazole
Metyrapone
Mexiletine hydrochloride
Mianserine hydrochloride
Miconazole nitrate
Minaprine
Minoxidil
Misoprostol
Mitobronitol
Mitopodozide; its salts
Mitoxantrone
Mofebutazone
Molindone; its salts
Molsidomin
Monofluoroacetic acid; its salts
Moramide intermediates
Morazone
Morinamide; its salts
Moroxydine; its salts
Morpheridine; its salts
Morphine; its esters and ethers; their quaternary compounds; their salts
Morphine methobromide, morphine N-oxide and other pentavalent nitrogen morphine derivatives
Muromonab-CD3
Mustine and any other N-substituted derivatives of di(2-chloroethyl) amine; their salts
Myrophine; its salts
Nadolol
Nafidrofuryl; its salts
Nalbuphine; its salts
Nalidixic acid; its salts; its esters and salts of such esters
Nalorphine; its salts

SCHEDULE

PART I — (*continued*)

Naloxone; its salts
Nandrolone; its salts
Narcotic substances, the following; their isomers (whenever the existence of such isomers is possible within the specific chemical designation); their salts; their esters and ethers (whenever the existence of such esters and ethers is possible); salts of their esters and ethers —
 Alfentanil
 Coca, alkaloids of, unless listed elsewhere (this is in addition to cocaine)
 Dextropropoxyphene
 Dihydromorphine
 Ecgonine
 Methadone intermediate
 Moramide intermediate
 Pethidine intermediate A
 Pethidine intermediate B
 Pethidine intermediate C
 Sufentanil
Naphazoline; its salts
Naproxen
Nefopam; its salts
Neostigmine; its salts
Nialamide; its salts
Nicardipine; its salts
Nicergoline; its salts
Nicocodine; its salts
Nicodicodine; its salts
Nicomorphine; its salts
Nicotine; its salts; its quaternary compounds; their salts
Nicoumalone
Nifedipine
Nifenazone
Nifuroxazide
Nikethamide
Niridazole
Nitrofurantoin
Nitrofurazone
Nitromin
m-Nitrophenol; o-nitrophenol; p-nitrophenol
Nitroprusside; its salts
Nomifensine; its salts
Noracymethadol; its salts
Noradrenaline
Norcodeine; its salts; its esters and ethers; their salts

SCHEDULE

PART I — *(continued)*

Norlevorphanol; its salts; its esters and ethers; their salts
Normethadone; its salts
Normorphine; its salts; its esters and ethers; their salts
Norpipanone
Norpseudoephedrine
Nortriptyline; its salts
Omeprazole
Ondansetron
Opi Pramol; its salts
Opium
Orciprenaline; its salts
Orphenadrine; its salts
Orthocaine; its salts
Orthopterin
Ouabain
Oxamniquine
Oxatomide
Oxedrine tartrate
Oxetacaine
Oxethazine; its salts
Oxolinic acid
Oxpentifylline
Oxophenarsine; its salts
Oxprenolol; its salts
Oxybuprocaine hydrochloride
Oxybutynin; its salts
Oxycinchonic acid; its derivatives; their salts; their esters
Oxycodone; its salts; its esters and ethers; their salts
Oxymetazoline; its salts
Oxymetholone
Oxymorphone
Oxypertine; its salts
Oxyphenbutazone
Oxyphenyclimine; its salts
Oxyphenonium bromide
Oxytocins; natural and synthetic
Pamidronate; its salts
Pancuronium; its salts
Papaveretum
Papaverine; its salts
Parahexyl
Paraldehyde
Paramethadione

SCHEDULE

PART I — *(continued)*

Parametoxamphetamine (PMA)
Parathyroid gland
Pargyline; its salts
Pecazine; its salts
Pemoline; its salts
Pempidine; its salt
Penicillamine; its salts
Pentaerythritol tetranitrate
Pentazocine; its salts
Penthienate; its salts
Pentolinium; its salts
Pentoxifylline
Perhexiline; its salts
Perindopril
Pethidine; its salts
Phenacaine; its salts
Phenacemide
Phenacetin
Phenadoxone; its salts
Phenaglycodol
Phenampramide
Phenazocine; its salts; its esters and ethers; their salts
Phenazone
Phenazopyridine; its salts
1-Phenethyl-4-phenyl-4-piperidinolacetate (PEPAP)
Phenylglutarimide; its salts
Phenprobamate
Phenbutrazate
Phencyclidine; its salts
Phendimetrazine
Phenelzine; its salts
Phenethylamine and derivatives
Phenetidylphenacetine
Pheneturide
Phenformin; its salts
Phenindione
Phenmetrazine; its salts
Phenodanisyl
Phenol and its homologues and preparations containing 60% or more w/w phenol or its equivalent
Phenomorphane; its salts; its esters and ethers; their salts
Phenoperidine; its salts; its esters and ethers; their salts

SCHEDULE

PART I — (continued)

Phenothiazine, derivatives of; their salts; except dimethoxanate; its salts, and promethazine, its salts and its molecular compounds
Phenoxybenzamine hydrochloride
Phenoxypropazine; its salts
Phenprocoumon
Phensuximide
Phentermine; its salts
Phentolamine; its salts
Phenylamine lactate
Phenylbutazone; its salts
2-Phenylcinchoninic acid; 2-salicylcinchoninic; their esters; their salts
Phenylephrine
N-Phenylethyl anthranilic acid
5-Phenylhydantoin; its alkyl and aryl derivatives; their salts
4-Phenylpiperidine-4-carboxylic acid ethyl esters; its salts
Phenylpropanolamine; its salts
Phenyltoloxamine; its salts
Phenytoin and other substances derived from hydantoin; their salts
Pholcodine; its salts, its esters and ethers; their salts
Phosphorus yellow
Physostigmine; its salts
Picric acid
Picrotoxin
Pilocarpine; its salts and quaternary compounds
Piminodine; its salts
Pimozide; its salts
Pindolol
Pipazethate; its salts
Pipenzolate bromide
Piperidolate hydrochloride
Pipradrol; its salts; its esters and ethers
Pipratecol
Piracetam
Pirenzepin; its salts
Piribedil
Piroxicam
Pirprofen
Piritramide; its salts
Pitofenone; its salts
Pituitary gland, the active principles of
Pizotifen; its salts
Podophyllum and podophyllum resin
Poldine methylsulphate

SCHEDULE

PART I — *(continued)*

Polidexide; its salts
Polymethylenebis(trimethylammonium) salts
Poppy-straw and concentrate of poppy-straw
Potassium canrenoate
Practolol
Pralidoxime; its salts
Pravastatin
Prazosin; its salts
Prenalterol hydrochloride
Prenoxidiazine; its salts
Prenylamine; its salts
Prilocaine hydrochloride
Primidone
Prindolol
Probenecid
Probuco
Procainamide; its salts
Procaine; its salts
Procarbazine; its salts
Procaterol; its salts
Prochlorperazine; its salts
Procyclidine; its salts
Profafenone; its salts
Proglumetacin; its salts
Proglumide
Proheptazine; its salts
Prolintane hydrochloride
Promazine; its salts
Promoxolan
Pronethalol; its salts
Propanidid
Propantheline bromide
Properidine; its salts
Propiram
Propofol
Propoxyphene; its salts
Propranolol; its salts
Prophylhexedrine; its salts
Proquazone
Prostaglandins
Protamine; its salts
Prothionamide; its salts
Pronthipendyl; its salts

SCHEDULE

PART I — *(continued)*

Protriptyline; its salts
Protirelin
Proxymetacaine hydrochloride
Pseudoephedrine
Psilocine
Psilocybine
Pyrazinamide; its salts
Pyridostigmine bromide
Pyrimethamine
Pyrithyldione
L-Pyroglutamyl-L-histidyl-L-proline amide
Pyrovalerone
Pyrrobutamine; its salts
Quinapril
Quinestrol
Quinethazone
Quinidine; its salts
Quinine; its salts
Racemethorphan; its salts
Racemoramide; its salts
Racemorphan; its salts; its esters and ethers; their salts
Radium and other radioactive substances for therapeutic use
Rafoxanide
Ramipril
Raubasine
Razoxane
Reproterol; its salts
Rescinnamine
Reserpine
Ribovirin
Rimiterol; its salts
Ritodrine; its salts
Rolicyclidine or PHP or PCPY
Salbutamol; its salts
Salmefamol
Santonin
Savin, oil of
Selegiline; its salts
Selenium sulphide
Semustine; its salts

SCHEDULE

PART I — (*continued*)

Sex hormones - androgenic, oestrogenic and progestational - natural or synthetic, the following:—

Benzoestrol; Derivatives of stilbene or naphthalene with oestrogenic activity; their esters; Steroid compounds with androgenic, oestrogenic or progestational activity; their esters

Sildenafil

Simfibrate

Simvastatin

Sodium apolate

Sodium aurothiomalate

Sodium camsylate

Sodium cromoglycate

Sodium metrizoate

Sodium monofluorophosphate

Sodium nitroprusside

Sodium valproate

Solpasone

Sorbide dinitrate

Sotalol; its salts

Sparteine; its salts

Spironolactone

Streptokinase

Strophanthus; glycosides of strophanthus

Styramate

Sulindac

Sulphinpyrazone

Sulphonah; alkyl sulphonals

Sulpiride

Sulprostone

Sulthiame

Sultopride

Suprarenal gland medulla, the active principles of; their salts

Sutoprofen

Suxamethonium; its salts

Suxethonium; its salts

Syrosingopine

Tacrin hydrochloride

Tamoxifen; its salts

Teniposide

Tenocyclidine or TCP; its salts

Tenoxicam

Teprenone

Terbutaline; its salts

SCHEDULE

PART I — *(continued)*

Terfenadine
Terlipressin
Teroplerin
Tertalolol
Tetrabenazine; its salts
Tetrahydrozoline; its salts
Thalidomide; its salts
Thallium; its salts
Thebacon; its salts
Theophylline; its salts
Thiacetazone
Thiambutene
Thiambutosine
Thiocarlide; its salts
Thiocolchicoside
Thioguanine
Thiomersal
Thiopentone
Thiotepa; its salts
Thiothixene
Thiouracil, its alkyl derivatives
Thymoxamine hydrochloride
Thyroid gland, the active principles of; their salts
Tiaprofenic acid
Ticlopidine
Tiemonium; its salts
Tilidine
Timepidium
Timolol; its salts
Tinidazole
Tinoridine; its salts
Tioconazole
Tocainide hydrochloride
Todrazoline; its salts
Tofenacin; its salts
Tolazamide; its salts
Tolazoline; its salts
Tolbutamide; its salts
Tolcyclamide
Tolfenamic acid
Tolmetin; its salts
Toloxatone
Tolperisone; its salts

SCHEDULE

PART I — *(continued)*

Totaquine
Tramadol; its salts
Tranexamic acid
Tranlycypromine; its salts
Traosulphan
Trapidil
Tretamine; its salts
Tretinoin
Triamterene
Triaziquone
Tribenoside
Tribromethyl alcohol
2,2,2-Trichloroethyl alcohol, esters of; their salts
Triclofos sodium
Tricyclamol; its salts
Triethylene thiophosphoramidate
Trimebutine; its salts
Trimeperidine; its salts
Trimeprazine; its salts
Trimetazidine; its salts
Trimethaphan; its salts
Trimethoprim
3,4,5-Trimethoxyamphetamine
Trimipramine; its salts
Trofosfamide
Tromantadine
Tropicamide
Trophos
Troxidone
Tryptamine and derivatives
Tubocurarine chloride
Tybamate
Ubidecarenone
Urapidil
Urethane
Urokinase
Vaccines, sera, toxoids, anti-toxins, antigens and immunoglobulins
Valepotriates
Valproic acid; its salts
Vasopressin, natural and synthetic
Vecuronium; its salts
Verapamil; its salts
Veratrine

SCHEDULE

PART I — *(continued)*

Vidarabine
Viloxazine; its salts
Vinblastine; its salts
Vincristine; its salts
Vindesin
Vinpocetine
Vinylbital
Warfarin; its salts
Xanthinol nicotinate
Xylazine; its salts
Xylometazoline; its salts
Yohimbine; its salts and quaternary compounds
Zacyclonol; its salts
Zidovudine
Zinc p-phenolsulphonate
Zipeprol
Zomepirac
Zopiclone
Zoxazolamine; its salts
Zuclopenthixol

PART II

Abamectin
Acephate
Acetic acid
Acetic anhydride
Acetochlor
Acetone
N-Acetylanthranilic acid
Acetyl bromide
Acetyl chloride
Aciflourfen-sodium
Aclonifen
Acrolein
Alachlor
Aldicarb
Aldicarb
Aldoxycarb
Alkyl ammonium chlorides
Alkyl thiosulphonate (HPMTS)
Allethrin

SCHEDULE

PART II — *(continued)*

Alloxydim-sodium
Alphacypermethrin
Aluminium phosphate
Aluminium phosphide
Ametryn
Aminocarb
Amitraz
Amitrole
Ammonia
Ammonium chlorate
Ammonium methane arsonate
Ammonium perchlorate
Ammonium sulphamate
Ammonium thiocyanate
Ancynidol
Anilazine
Aniline; its derivatives
Anilofos
Anionic surface active agents
Anthranilic acid
Anthraquinone
Antu
Aromatic white spirit
Arsenical substances, the following —
 Arsenic pentoxide
 Arsenic sulphides
 Arsenic trichlorides
 Arsenious oxide
 Arsine
 Calcium arsenate
 Calcium arsenite
 Copper acetoarsenite
 Copper arsenate
 Copper arsenite
 Lead arsenate
 Oxides of arsenic
 Potassium arsenite
 Sodium arsenate
 Sodium arsenite
 Sodium thiorarsenate
 and others
Asphalt
Asulam

SCHEDULE

PART II — *(continued)*

Atrazine
Azamethiphos
Azinphos-ethyl
Azinphos-methyl
Aziprotryne
Azocyclotin
Bacillus thuringiensis
BAP
Barban
Barium, salts of the following —
 Barium carbonate
 Barium silicofluoride
Benalaxyl
Benazolin
Bendiocarb
Benfluralin
Benfuracarb
Benodanil
Benomyl
Benphenyl
Bensulfuron methyl
Bensulide
Bensultap
Bentazone
Benzene
Benzene hexachloride
Benzidine
Benzoximate
Benzoylprop ethyl
Benzthiazuron
Bialaphos
Bidrin
Bifenox
Bifenthrin
Binapacryl
Biollethrin
Bioresmethrin
Biphenyl
Bis(tributyltin) Oxide
Bisthiosemi
Bitertanol
Blasticidin-S
Borax

SCHEDULE

PART II — *(continued)*

Boric acid
Boron trichlorides
Boron trifluoride
Brodifacoum
Bromacil
Bromadiolone
Bromethalin
Bromine, bromine solutions
Bromobutide
Bromofenoxim
Bromophos
Bromophos-ethyl
Bromopropylate
Bromoxynil
Bronopol
Bufencarb
Buminafos
Bupirimate
Buprofezin
Butacarb
Butachlor
Butamifos
Buthiobate
Butocarboxim
Butoxycarboxim
Butralin
Buturon
Butylate
Butylphenyl methylcarbamate (BPMC)
CNP
Cacodylic acid
Calcium cyanide
Calcium Polysulphide
Captafol
Captan
Carbamates, excepting —
 Benomyl
 Carbendazim
 Chlorpropham
 Propham
 Thiophanate-methyl
Carbaryl
Carbendazim

SCHEDULE

PART II — (continued)

Carbetamide
Carbofuran
Carbon disulphide
Carbon tetrafluoride
Carbophenothion
Carbosulphan
Carboxin
Cartap hydrochloride
Chinomethionate
Chlorinated hydrocarbon, the following —
 Aldrin
 Benzoximate
 Benzene hexachloride (BHC)
 Bromocyclen
 Campheclor
 Chlorbenside
 Chlorbicyclen
 Chlordane
 Chlordecone
 Chlordimeform
 Chlorfenethol
 Chlorfenson
 Chlorfensulphide
 Chlorbenzilate
 Chloromembuform
 Chloropropylate
 Dicofol
 Dicophane (DDT)
 pp' - DDT
 Dieldrin
 Dienochlor
 Diiflubenzuron
 Endosulphan
 Endrin
 Fenazaflor
 Fenson
 Fluorbenzide
 Folpet
 Gamma benzene hexachloride (Gamma-BHC)
 HEOD
 HHDN
 Heptachlor
 Isobenzan

SCHEDULE

PART II — *(continued)*

Isodrin
Kelevan
Methoxychlor (methoxy-DDT) [1,1,1-trichloro-2,2-di-(*p*-methoxyphenyl)ethane]
Quintozene
Tetrachlordiphenylethane (TDE)
Tetradifon
Tetrasul
Toxaphene
Allied chlorinated hydrocarbon compounds used as pesticides (insecticides, acaricides etc.)
Chlorinated phenols; their salts
Chlorine
Chlorobenzene, the following —
 Monochlorobenzene
 Meta-dichlorobenzene
 Ortho-dichlorobenzene
 Trichlorobenzene
 Tetrachlorobenzene
 Pentachlorobenzene
3-Chlorophenoxy acetic acid (3-CPA)
4-Chlorophenoxy acetic acid (4-CPA)
Chloropicrin
Chlorosulphonic acid
Chlorothalonil
Chlormequat
Chlorpyrifos
Cholecalciferol
Copper hydroxide
Copper oxychloride
Copper sulphate
Coumachlor
Coumaphos
Coumatetralyl
Cournafuryl
Crimidine
Crotoxyphos
Crufomate
Cryolite
Cufraneb
Cupric hydroxide
Cupric sulphate pentahydrate
Cuprous oxide

SCHEDULE

PART II — *(continued)*

Cyanamide
Cyanazine
Cyanide; their salts
Cyanophenphos
Cyanophos
Cycloate
Cyclohexamide
Cycloprothrin
Cycloxydim
Cycluron
Cyfluthrin
Cyhalothrin
Cyhexatin
Cymoxanil
Cypermethrin
Cyphenothrin
Cyprofuram
Cyromazine
Cythioate
Daconil
D-D (Mixture of Dichloropropane and Dichloropropene)
2,4-DB
DCIP
Dalapon; its salts
Daminozide
Dazomet
Decarbafulan
Deltamethrin
Demeton -O and -S
Demeton-S-methyl
Demeton-S-methyl sulphone
Desmedipham
Desmetryn
Di-allate
Dialifos
Diamines, the following; their salts —
 Phenylene diamines
 Tolylene diamines
 Other alkylated benzene diamines
Diazinon
Diborane
Dibromochloropropane
Dicamba

SCHEDULE

PART II — *(continued)*

Dichlobenil
Dichlofenthion
Dichlofluanid
Dichlone
Dichlormid
Dichlorobutrazol
Dichloroethyl ether
Dichlorophen
2,4-Dichlorophenoxy acetic acid (2,4 - D)
2,4-Dichlorophenoxy acetic acid (2,4 - D amine)
2,4-Dichlorophenoxy butyric acid (2,4 - DB)
Di (chlorophenyl) trichloroethane (DDT)
3,6-Dichloropicolinic acid
1,2-Dichloropropane
1,3-Dichloropropane
Dichlorosilane
Dichlorprop
Dichlorvos
Diclobutrazol
Diclofop-methyl
Dicloran
Dicofol
Dicrotophos
Dicyclopentadience
Dietatyl-ethyl
Di (ethoxythiorbonyl) disulphide (EXD)
Diethylene triamine (DETA)
Diethyl sulphate
N-N Diethyl m-toluamide (DEET)
Difenacoum
Difenoxuron
Difenzoquat methy sulphate
Diflufenican
Dikegulac sodium
Dimefuron
Dimenthalon
Dimethaclor
Dimethametryn
Dimethazone
Dimethipin
Dimethirimol
Dimethoate
Dimethrin

SCHEDULE

PART II — (continued)

Dimethyl phthalate
Dimethylarsinic acid
Dimethylvinphos
Dimetilan
Dimexano
Diniconazole
Dinitramine
Dinitrophenol
Dinitrocresols (DNOG); their compounds with a metal or base
Dinobuton
Dinocap
Dinosam; its compounds with a metal or a base
Dinoseb; its compounds with a metal or a base
Dinoterb
Dioxabenzopos
Dioxacarb
Dioxathion
Diphacinone
Diphenamid
Diphenyl
Dipropetryn
Diquat; its salts
S,S-Di-Sec-butyl-O-ethyl phosphorodithionate
Disodium methane arsonate (DSMA)
Disul
Disulfoton
Ditalimphos
Dithianon
Dithiocarbamates
Diuron
Dodemorph acetate
Dodine
Drazoxolon; its salts
Dymron
Edinfenphos
Egnilazine-ethyl
Endothal; its salts
Entridiazole
Epichlorohydrin
Erbon
Esbol
Esfenvalerate
Etacelasil

SCHEDULE

PART II — *(continued)*

Etaconazole
Ethalfuralin
Ethephon
Ethidimuron
Ethiofencarb
Ethion
Ethirimol
Ethoate-methyl
Ethofumesate
Ethoprophos
Ethoxiquin
Ethfenprox
Ethyl 4-nitrophenyl phenylphosphonothionate (EPN)
Ethyl dipropylthiolcarbamate (EPTC)
Ethylene bisdithiocarbamates
Ethylene dibromide
Ethylene imine
Ethylene oxide
Ethyl ether
Ethyl mercaptan
Fenamiphos
Fenarimol
Fenazine-5-oxide
Fenazox
Fenbutatin oxide
Fenchlorphos
Fenclorim
Fenfuram
Fenitrothion
Fenobucarb
Fenoprop
Fenothiocarb
Fenotrothion
Fenoxycarb
Fenpropathrin
Fenpropidin
Fenpropimorph
Fensulphothion
Fenthion
Fentin acetate
Fentin chloride
Fentin hydroxide
Fenuron

SCHEDULE

PART II — *(continued)*

Fenvalerate
Ferbam
Ferric chloride
Flamprop-m-isopropyl
Flamprop-methyl
FlocoumafenFluoroxypyr
Fluazifop
Fluazifop-p-butyl
Flubenzimine
Flucythrinate
Fluental
Flufenoxuron
Flumetralin
Fluometuron
Fluoracetamide
Fluorodifen
Fluoroglycofen-ethyl
Fluoromide
Fluotrimazole
Flurenol-butyl
Fluridone
Flurochloridone
Fluroxypyr
Fluprimidol
Flusilazol
Flutolanil
Flutriafol
Fluvalinate
Fomesafen
Fonofos
Formaldehyde
Formetanate; its salts
Formic acid
Formothion
Fosamine-ammonium
Forsetyl-aluminium
Fthalide
Fuberidazole
Furalaxyl
Furathiocarb
Furmecylox
Germane gibberellic acid
Glufosinate-ammonium

SCHEDULE

PART II — *(continued)*

Glyphosate
Glyphosine
Guazatine acetate
HPMTS
Halacrinat
Haloxypop-ethoxyethyl
Haloxypop-methyl
Heptachlor
Heptenophos
Heptopargil
Hexachloroacetone
Hexachlorobenzene
Hexaconazole
Hexaflurate
Hexane
Hexazinone
Hexythiazox
Hydramethylnon
Hydrochloric acid
Hydrofluoric acid; alkali metal bifluorides; ammonium bifluoride; potassium fluoride;
potassium silicofluoride; silicofluoric acid; sodium silicofluoride
Hydrogen chloride, all forms
Hydrogen cyanide
Hydrogen peroxide
Hydrogen selenide
Hydroprene
8-Hydroxyquinoline sulphate
Hymexazol
IAA
IBA
IPSP
Imazalil
Imazamethabenz-methyl
Imazapyr
Imazaquin
Imazethapir
Inabenfide
Indol-3-yl acetic acid
4-Indol-3-yl butyric acid
Iodofenphos
Ioxynil
Iprobenfos
Iprodione

SCHEDULE

PART II — *(continued)*

Isazophos
Isocarbamid
Isocyanates
Isofenphos
Isonoruron
Isoproc carb
Isopropalin
Isopropanol
Isopiperonyl butoxide (IBP)
Isoprothiolane
Isoproturon
Isosafrole
Isothioate
Isouron
Isoxaben
Isoxathion
Jodfenphos
Kadethrin
Karbutilate
Kasugamycin
L-cyhalothrin
Lead tetra-ethyl and similar lead containing compounds
Lenacil
Leptophos
Lindane
Linuron
MEMC
Magnesium phosphide
Malathion
Maleic hydrazide
Malonoben
Mancozeb
Maneb
Mebenil
Mecarban
Mecoprop
Mefenacet
Mefluidide
Menazon
Mephosfolan
Mepiquat chloride
Mepronil
Mercaptoidimethur

SCHEDULE

PART II — *(continued)*

Mercuric chloride; mercuric iodide; organic compounds of mercury except compounds which contain a methyl (CH₃) group directly linked to the mercury atom

Mercurous chloride

Metalaxyl

Metaldehyde

Metallic oxalates

Metam-sodium

Metamitron

Metanil yellow (sodium salt of metanilylazodiphenylamine)

Methabenzthiazuron

Methacrifos

Methamidophos

Methasulphocarb

Methazole

Methidathion

Methiocarb

Metolachlor

Methomyl

Methoprene

Methoprotryne

Methoxyethylmercury acetate

2-Methoxyethylmercury chloride

Methoxyphenone

Methyl bromide

Methyl chloride

Methylethyl ketone

Methyl eugenol

Methyl mercaptan

Methyl isothiocyanate

Methyl metiram

Methylchlorophenoxy acetic acid (MCPA)

Methylchlorophenoxy butyric acid (MCPB)

Methyldymron

3,4-Methylenedioxyphenyl-2-propanone

Metiram

Metobromuron

Metolachlor

Metolcarb

Metoxuron

Metribuzin

Metsulfuron-methyl

Mevinphos

Mexacarbate

SCHEDULE

PART II — *(continued)*

Mirex
Molinate
Monalide
Monocrotophos
Monolinuron
Monosodium methane arsonate (MSMA)
Monuron
Multihydric alcohol
Myclobutanil
NAA
Nabam
Naled
Naphthalene acetamide
(2-Naphthyloxy) acetic acid
1-Naphthyl acetic acid
Naproanilide
Napropamide
Naptalam
Natrazine
Neburon
Neoasozin
Nickel dimethyldithiocarbamate
Niclofolan
Niclosamide
Nicotine; its salts
Nitralin
Nitric acid
Nitric oxide
Nitrobenzene
Nitrobenzol
Nitrofen
Nitrogen trifluoride
Nitrothal-isopropyl
Nitrous oxide
Norbormide
Norflurazon
Nuairimol
Octhilinone
Oleum
Omethoate
Orange II [Sodium salt of p-(2-hydroxy-1-naphthylene) benzene sulphonic acid]
Orbencarb
Orfurace

SCHEDULE

PART II — *(continued)*

Organic peroxides
Organic tin compounds, the following —
 compounds of fentin
Oryzalin
Oxabetrinil
Oxytocin
Oxadixyl
Oxalic acid; metallic oxalates
Oxamyl
Oxine-copper
Oxycarboxin
Oxydemeton-methyl
Oxyfluorfen
Paclobutrazol
Parathion
Parathion-methyl
Paraquat; salts of
Paris green
Pebulate
Penconazole
Pencycuron
Pendimethalin
Pentachlorophenol
Pentanochlor
Perchloro methyl mercaptan
Perfluidone
Permethrin
Phenazin oxide
Phenisipham
Phenmedipham
Phenobenzoron
Phenols as defined in Part I of this list in substances containing less than 60% w/w
 of phenols, compounds of phenol with a metal in substances containing less than
 60% w/w of phenols
Phenothrin
Phenotiol
Phenthoate
Phenylacetic acid
Phenylene 1,4, disothiocyanate
Phenylenediamines, toluenediamines; other alkylated benzenediamines
Phenylmercury acetate
2-Phenylphenol
1-Phenyl-2-propanone

SCHEDULE

PART II — (continued)

Phorate
Phosalone
Phosdiphen
Phosfolan
Phosgene
Phosmet
Phosphamidon
Phosphides
Phosphine
Phosphoric acid
Phosphorous acid
Phosphorus compounds, the following —
 Any substance derived from the molecule H_3PO_4 by substitution of any of the
 hydrogen or oxygen atoms and used as pesticides (insecticides, acaricides etc.)
 excepting —
 Bromophos
 Bromophos-ethyl
 2-Chloro-1-(2,4,5-trichlorophenyl) vinyl dimethyl phosphate
 Diazinon
 Dimethoate
 Dipterex
 Fenchlorphos
 Fenitrothion
 Fenthion
 Malathion
 O,O,O'-Tetramethyl-O,O'-thiodi-p-phenylene phosphorothionate
 Pirimiphos-methyl
Phosphorus oxychloride
Phosphorus pentachloride
Phosphorus pentafluoride
Phosphorotrichloride
Phosphorothiolothionate
Phoxim
Phthalide
Picloram
Pimaricin
Pindone
Piperalin
Piperidine
Piperonal
Piperonyl butoxide
Piperophos
Piproctanyl bromide

SCHEDULE

PART II — *(continued)*

Pirimicarb
Pirimiphos-ethyl
Pirimiphos-methyl
Plifenate
Polybutene
Polychlorinated biphenyls
Polyol fatty acid ester
Polyoxins
Potassium chlorate
Potassium cyanate
Potassium dichromate
Potassium hydroxide
Potassium perchlorate
Potassium permanganate
Prepamocarb hydrochloride
Pretilachlor
Primiphos
Probenazole
Prochloraz
Procyazine
Procymidone
Prodiamine
Profenofos
Profuralin
Proglinazine-ethyl
Promecarb
Prometon
Prometryn
Propachlor; its salts
Propamocarb
Propanil
Propaphos
Propargite
Propazine
Propetamphos
Propham
Propiconazole
Propineb
Propoxur
Propylene imines
Propylene oxide
Propyl 3-tert-butylphenoxyacetate
Propyzamide

SCHEDULE

PART II — *(continued)*

Prothiocarb
Prothiophos
Prothoate
Pyracarbolid
Pyranocoumarin
Pyrazophos
Pyrazoxifen
Pyridaphenthion
Pyridate
Pyridinitril
Pyrifenox
Pyroquilon
Quinalphos
Quinomethionate
Quinonamid
Quizalofop-ethyl
Radioactive substances for non-therapeutic use
Resmethrin
Rotenone
Ryana
S421-Ether synergist
Sabadilla
Safrole
Salithion
Scilliroside
Secbumeton
Sethoxydim
Siduron
Silane
Simazine
Simetryn
Sodium 4-(dimethylamino) benzene-diazosulphonate
Sodium chlorate
Sodium cyanide
Sodium hydroxide
Sodium monochloroacetate
Sodium nitrite
Sodium pentaborate
Sodium perchlorate
Styrene monomer
Sulfallate
Sulfometuron-methyl
Sulfoteb

SCHEDULE

PART II — *(continued)*

Sulprofos
Sulphuric acid
Sulphur tetrafluoride
TCMTB
Tebucounazole
Tebutam
Tebuthiuron
Tecnazene
Tefluthrin
Teflubenzuron
Telflubenzuron
Temephos
Terbacil
Terbufos
Terbumeton
Terbuthylazine
Terbutryn
Terachlorvinphos
Tetra ethyl pyrophosphate (TEPP)
Tetramethrin
O,O,O',O' - Tetrapropyl dithiopyrophosphate
Thallium sulphate
Thiabendazole
Thiameturon-methyl
Thiazafluron
Thidiazuron
Thiobencarb
Thiocarbazil
Thiocyclam hydrogen oxalate
Thiodicarb
Thioethylmethylchlorophenoxy acetic acid (MCPA - Thioethyl)
Thiofanox
Thiometon
Thiophanate
Thiophanatep-methyl
Thioquinox
Thiram
Tiocarbazil
Tolclofos-methyl
Toluene
Tolfluandid
Tralomethrin
Tri-allate

SCHEDULE

PART II — *(continued)*

Triadimefon
Triadimentol
Triazophos
S,S,S-Tributyl phosphorodithionate
Trichlamide
Trichlorfon
Trichloroacetic acid (TCA)
2,3,6-Trichlorobenzoic acid (2,3,6-TBA)
Trichlorodimethyl
Trichloronat
2,4,5-Trichlorophenoxy butyric acid (2,4,5-T)
Triclopyr
Tricyclazole
Tridemorph
Tridiphane
Trietazine
Trifenmorph
Triflumezole
Triflumuron
Triflualin
Triforine
Triglumuron
Trimethacarb
Uniconazole
Validamycin A
Vamidothion
Vernolate
Vinclozolin
Vinyl chloride monomer
WSMA
Warfarin
XMC
Xylycarb
Zinc naphthenate
Zinc phosphide
Zineb
Ziram

**POISONS ACT
(CHAPTER 114)
POISONS RULES**

S 62/1957
Enactment No. 13 of 1956
Amended by
S 102/1979

REVISED EDITION 2015

SUBSIDIARY LEGISLATION

POISONS RULES

ARRANGEMENT OF RULES

Rule

1. Citation.
2. Interpretation.
3. Licences.
4. Form for recording sale of poisons.
5. Conditions of sale of poisons.

LEAD TETRA-ETHYL

6. Special provisions in respect of lead tetra-ethyl.
7. Licences fees.

APPLICATION AND RELAXATION OF PROVISIONS OF ACT

8. Extension of labelling provisions.
9. Limitation of section 6(3) to certain substances.
10. Extension of section 6(3) to supply of poisons otherwise than by sale, including commercial samples.
11. Relaxation of section 7(3) in case of certain medicines.
12. Exemption from provisions relating solely to First Schedule.
13. Complete exemption for certain articles and poisons.

ADDITIONAL RESTRICTIONS ON SALE OF POISONS

14. Additional restriction on certain poisons.

[Subsidiary]

15. Restriction of sales by persons licensed to sell Part II Poisons.
16. Restriction on sale of strychnine.

SUPPLEMENTARY PROVISIONS WITH RESPECT TO
LABELLING AND CONTAINERS

17. Manner of labelling containers.
18. Labelling of name of poison.
19. Labelling of particulars as to proportion of poison.
20. Indication of character of poison.
21. Special cautions in case of certain substances.
22. Relaxation of certain labelling requirements.
23. Form of containers.

STORAGE AND TRANSPORT

24. Storage of poisons.
25. Transport of poisons.
26. Special provisions with respect to transport of certain poisons in Sixth Schedule.

SPECIAL PROVISIONS WITH RESPECT TO HOSPITALS

27. Supply of medicines to out-patients from certain hospitals etc.
28. Supply of medicines for use in hospitals etc.
29. Storage of poisons in institutions.

COLOURING OF POISONS

30. Manufacture of pharmaceutical preparations.
31. Books, records and orders to be preserved on premises of sale for 2 years.

| | | |
|------------------|---|--|
| FIRST SCHEDULE | — | SUBSTANCES FALLING WITHIN POISONS LIST TO WHICH SPECIAL RESTRICTIONS APPLY |
| SECOND SCHEDULE | — | ARTICLES EXEMPTED UNDER RULE 13 FROM PROVISIONS OF ACT AND RULES |
| THIRD SCHEDULE | — | SUBSTANCES REQUIRED BY RULE 14 TO BE SOLD BY RETAIL ONLY UPON PRESCRIPTION GIVEN BY REGISTERED MEDICAL PRACTITIONER, DENTIST OR VETERINARY SURGEON |
| FOURTH SCHEDULE | — | STATEMENT OF PARTICULARS AS TO PROPORTION OF POISON IN CERTAIN CASES PERMITTED BY RULE 19(2)(a) |
| FIFTH SCHEDULE | — | INDICATION OF CHARACTER PRESCRIBED BY RULE 20 FOR PURPOSES OF SECTION 6(2)(c) |
| SIXTH SCHEDULE | — | SUBSTANCES TO WHICH RULE 26(1) (TRANSPORT) APPLIES |
| SEVENTH SCHEDULE | — | SUBSTANCES TO WHICH RULE 30(1) (COLOURING) APPLIES |
| EIGHTH SCHEDULE | — | FORMS |
| NINTH SECHEDULE | — | FEEES |

SUBSIDIARY LEGISLATION

Rules made under section 21

POISONS RULES

Commencement: 1st July 1957
[S 61/1957]

Citation.

1. These Rules may be cited as the Poisons Rules.

Interpretation.

2. (1) In these Rules —

“antimonial poisons” means chlorides of antimony, oxides of antimony, sulphides of antimony, antimonates, antimonites, and organic compounds of antimony;

“arsenical poisons” means halides of arsenic, oxides of arsenic, sulphides of arsenic, arsenates, arsenites, copper acetoarsenites, sodium thio-arsenites and organic compounds of arsenic;

“licensed importer” means an importer licensed under the Act;

“licensed person” means a person licensed under the Act;

“mercurial poisons” means oxides of mercury, nitrates of mercury, mercuric chloride, mercuric ammonium chlorides, mercuric iodide, potassio-mercuric iodides, mercuric oxycyanides, mercuric thiocyanate, organic compounds of mercury.

- (2) In these Rules —

(a) any reference to an alkaloid includes a reference to any salt of that alkaloid, and in a case where the esters of an alkaloid are included in the Poisons List by virtue of the words “its esters”, to any esters of that alkaloid;

(b) any reference to medicines for the internal treatment of human ailments includes any medicine to be administered by hypodermic injection but does not include a reference to gargles, mouthwashes, eye drops, eye lotions, ear drops and douches for nasopharyngeal, rectal, vaginal or urethral use;

(c) “food” includes a beverage;

[Subsidiary]

(d) “British Pharmacopoeia” and “British Pharmaceutical Codex” includes the supplements and addenda thereto.

(3) Any reference in the Schedules to these Rules to the percentage of a poison contained in any substance shall, unless otherwise expressly provided, be construed in the following manner, that is, a reference to a substance containing one *per cent* of any poison means —

(a) in the case of a solid, that one gramme of the poison is contained in every hundred grammes of the substance; and

(b) in the case of a liquid, that one millilitre of the poison, or if the poison itself is a solid, one gramme of the poison, is contained in every hundred millilitres of the substance,

and so in proportion for any greater or less percentage.

Licences.

3. (1) Licences to import and store poisons shall be in Form A in the Eighth Schedule.

(2) Licences to deal generally in poisons by wholesale and retail shall be in Form B in the Eighth Schedule.

(3) Licences to keep and sell specified poisons by wholesale shall be in Form C in the Eighth Schedule.

(4) Licences to keep and sell specified poisons by retail shall be in Form D in the Eighth Schedule.

Form for recording sale of poisons.

4. The record of the sale by retail of any of the poisons in the First Schedule shall be in Form E in the Eighth Schedule.

Conditions of sale of poisons.

5. The sale of any poison which by section 8 is exempted from the provisions of section 6 shall be subject to the following —

(a) it shall be sold only upon an order in writing given by or on behalf of a person, firm or body corporate known to the vendor;

(b) persons licensed under the Act other than licensed pharmacists and licensed practitioners, shall keep a record of the sale of all poisons in a book kept solely for that purpose. The record shall be kept in Form F in the Eighth Schedule;

(c) a record of a sale of a poison in the First Schedule by a licensed pharmacist or licensed practitioner shall be kept in Form E in the Eighth Schedule, but the signature of the purchaser and the signature and address of the person introducing him may be omitted; and

(d) such record shall be made on the day on which the poison is supplied.

LEAD TETRA-ETHYL

Special provisions in respect of lead tetra-ethyl.

6. (1) In this rule —

“concentrated ethyl fluid” means any fluid containing lead tetra-ethyl in a proportion exceeding one part in 950 parts by volume;

“ethyl-petrol” means motor spirit containing lead tetra-ethyl;

“lead tetra-ethyl” includes other similar lead-containing compounds used as ingredients of motor fuels.

(2) No person shall manufacture lead tetra-ethyl in Brunei Darussalam.

(3) The importation, possession and use of concentrated ethyl-fluid, except in accordance with provisions of a licence issued in that behalf by a Licensing Officer is prohibited. A Licensing Officer may, at his discretion and subject to any conditions which he may consider necessary, issue such licence and every such licence shall be revocable at any time by a Licensing Officer without compensation.

(4) Persons obtaining ethyl-petrol, either directly or indirectly, from a licensed importer shall be exempted from the provisions of the Act and of all rules made thereunder except those contained in subrules (5), (6), (7) and (8).

(5) No person shall import, sell or have in his possession any ethyl-petrol containing lead tetra-ethyl in a proportion exceeding one part in 950 parts by volume.

(6) No person shall import, sell or have in his possession any ethyl-petrol unless such ethyl-petrol be coloured blue, red, green, orange or brown.

(7) No person shall sell ethyl-petrol in containers unless such containers bear a label in the English, Malay and Chinese languages to the following effect —

[Subsidiary]

This spirit contains lead — To be used for Motor Fuel only.

(8) No person shall sell ethyl-petrol unless at the place of sale —

(a) there is prominently displayed in a conspicuous place, a notice in the English, Malay and Chinese languages to the following effect —

This spirit contains lead — To be used for Motor Fuel only;

(b) there are available for distribution on request, leaflets in the English, Malay and Chinese languages adequately describing the possible dangers involved in the use of ethyl-petrol and the precautions to be taken in dealing therewith.

Licence fees.

7. The fees for licences under the Act shall be as set out in the Ninth Schedule.

APPLICATION AND RELAXATION OF PROVISIONS OF ACT

Extension of labelling provisions.

8. The provisions of section 6(2) and the provisions of these Rules relating to the labelling of poisons shall apply with respect to —

(a) the sale of any poisons in the circumstances specified in section 8(a), (c), (d), (e), (f) and (g); and

(b) the supply of poisons (otherwise than by sale),

in like manner as if references in those provisions to the sale and the seller of poisons included references to the supply and the supplier of poisons respectively.

Limitation of section 6(3) to certain substances.

9. Except as provided in section 8, the provisions of section 6(3) shall apply to all substances in the First Schedule (whether or not they consist of or contain poisons included in Part I of the Poisons List) and shall not apply to any other substance.

Extension of section 6(3) to the supply of poisons otherwise than by sale, including commercial samples.

10. The provisions of section 6(3) shall apply to the supply, otherwise than by sale, including the supply of commercial samples, of any substance consisting of or containing any poison included in the First Schedule, otherwise than upon the signed

request of a registered medical practitioner, veterinary surgeon, dentist, pharmacist, or a person who requires the poison for the purpose of his trade or business.

Relaxation of section 7(3) in case of certain medicines.

11. The requirements mentioned in section 7(3) need not be satisfied in the case of any medicine, not being a medicine consisting of or containing any substance included in the First Schedule, which is supplied by —

(a) a licensed practitioner for the purpose of medical treatment; or

(b) a person licensed to sell any poison included in Part I of the Poisons List on and in accordance with a prescription given by a registered medical practitioner.

Exemption from provisions relating solely to First Schedule.

12. Such of the provisions of these Rules and of the Act as apply solely to the substances included in the First Schedule shall not apply to —

(a) machine spread plasters;

(b) surgical dressing; or

(c) articles containing barium carbonate and prepared for the destruction of rats and mice.

Complete exemption for certain articles and poisons.

13. Nothing in these Rules or in the provisions of the Act shall apply with respect to —

(a) any articles included in Group I of the Second Schedule;

(b) any poison specified in the first column of Group II of the Second Schedule when contained in or consisting of the article or substance specified in the second column opposite the description of that poison; or

(c) any poison specified in the first column of Group III of the Second Schedule when sold, stored, or used in accordance with the conditions stated in the second column.

[Subsidiary]

ADDITIONAL RESTRICTIONS ON SALE OF POISONS

Additional restriction on certain poisons.

14. (1) It shall not be lawful to sell any poison included in the Third Schedule, except on and in accordance with a prescription given by a registered medical practitioner, dentist or veterinary surgeon in the form provided by this rule.

(2) This rule shall apply to the sale of any such poison, notwithstanding that it consists of or is an ingredient of a medicine dispensed or supplied in the circumstances specified in of section 7(1)(b) and (c), and in accordance with the provisions of that section, but shall not apply to the sale of any such poison in the circumstances specified in section 8.

(3) For the purposes, of this rule, a prescription shall —

(a) be in writing and be signed by the person giving it with his usual signature and be dated by him;

(b) specify the address of the person giving it;

(c) specify the name and address of the person for whose treatment it is given or, if the prescription is given by a veterinary surgeon, of the person to whom the medicine is to be delivered;

(d) have written thereon, if given by a dentist, the words “For dental treatment only” or, if given by a veterinary surgeon, the words “For animal treatment only”; and

(e) indicate the total amount of the medicine to be supplied and the dose to be taken.

(4) The person dispensing the prescription shall comply with the following requirements —

(a) the prescription shall not be dispensed more than once unless the prescriber has stated thereon that it may be dispensed more than once;

(b) if the prescription contains a direction that it may be dispensed a stated number of times or at stated intervals, it shall not be dispensed otherwise than in accordance with the directions; and

(c) at the time of dispensing there shall be noted on the face of the prescription above the signature of the prescriber the name and address of the seller and the date on which the prescription is dispensed.

Restriction of sales by persons licensed to sell Part II Poisons.

15. (1) No person licensed to sell Part II Poisons only shall sell any arsenical or mercurial poisons unless the purchaser thereof is engaged in the trade or business of agriculture or horticulture or the preservation of buildings or other structures liable to be destroyed by termites or other insects and requires the poison for the purpose of the trade or business.

(2) No person licensed to sell by retail Part II Poisons only shall sell any poison except in a closed container as closed by the manufacturer or other person from whom the poison was obtained.

Restriction on sale of strychnine.

16. It shall not be lawful to sell or supply strychnine except as an ingredient in a medicine:

Provided that this rule shall not apply to the sale of strychnine —

(a) by way of wholesale dealing;

(b) for the purpose of being compounded in medicines prescribed or administered by a registered medical practitioner or veterinary surgeon; or

(c) to a person or institution concerned with scientific education or research or chemical analysis, for the purpose of that education, research or analysis.

**SUPPLEMENTARY PROVISIONS WITH RESPECT TO
LABELLING AND CONTAINERS****Manner of labelling containers.**

17. (1) Subject to any provision to the contrary, the particulars with which the container of a poison is required to be labelled under section 6(2) and under these Rules, shall appear in a conspicuous position on the container in which the poison is sold and on the box or other covering of whatever nature enclosing the container, and the particulars shall be clearly and distinctly set out in any way obscured or obliterated.

(2) Where the poison is contained in an ampoule, cachet or similar article, it shall not be necessary to label the article itself if the box or other covering in which the article is enclosed is duly labelled.

(3) Nothing in section 6(2) or in these Rules shall require the labelling of any transparent cover or of any wrapper, hamper, packing case, crate or other covering used solely for the purposes of transport or delivery.

[Subsidiary]

Labelling of name of poison.

18. (1) Subject as hereinafter provided, the name of a poison shall, for the purpose of provisions relating to labelling, be the term under which it is included in the Poison List:

Provided that where the describes a group of poisons and not the poison specifically, the name of the poison shall be —

(a) if the poison is the subject of a monograph in either the British Pharmacopoeia or the British Pharmaceutical Codex, one or other of the names or synonyms set out at the head of the monograph; and

(b) in any other case, the accepted scientific name or names descriptive of the true nature and origin of the poison.

(2) Notwithstanding anything in subsection (1), if the poison consists of, or is contained in, any preparation in the British Pharmacopoeia, or the Formulary of the British Pharmaceutical Codex, or any dilution or admixture of such a preparation, the name of the poison may, for the purposes of this rule, be the name or synonym or abbreviated name used to describe the preparation in the British Pharmacopoeia or the Formulary of the British Pharmaceutical Codex, with the addition of the letters B.P. or B.P.C., as the case may be.

Labelling of particulars as to proportion of poison.

19. (1) The label of the container of a preparation which contains a poison as one of its ingredients shall include a statement of the proportion, whether stated as a percentage or not, which the poison bears to the total ingredients of the preparation, and where the proportion is stated as a percentage, the container shall be so labelled as to indicate whether the percentage is calculated on a basis of weight in weight, weight in volume, or volume in volume.

(2) (a) In the case of a preparation containing a poison specified in the first column of the Fourth Schedule, it shall be sufficient to state on the label the particulars specified in the second column of that Schedule against the description of the poison.

(b) In the case of a preparation derived from *nux vomica* or from opium and containing one or more alkaloids of *nux vomica* or of opium named in the Poisons List, it shall be sufficient, so far as those alkaloids are concerned, to state on the label the proportion of strychnine or of morphine, as the case may be, contained in the preparation.

(3) In the case of a preparation in the British Pharmacopoeia or the Formulary of the British Pharmaceutical Codex which is named in accordance with subrule (2) it shall not be necessary to state on the label the proportion of poison contained in the preparation and in the case of any dilution or admixture of such a preparation, it shall be

sufficient to state the proportion which the preparation bears to the total ingredients of the dilution or admixture.

(4) Where the poison is in tablets, pills, cachets, capsules, lozenges or similar articles, or in ampoules, it shall be sufficient if the label of the box or other covering in which the articles are enclosed states the number of the articles and the amount of the poison, or in the case of such a preparation as is mentioned in subrule (3), the amount of the preparation contained in each article.

Indication of character of poison.

20. (1) The container of any article specified in the Fifth Schedule shall, instead of being labelled with the word “Poison”, be labelled with the words specified in the Fifth Schedule as applicable to that article.

(2) Those said words or the word “Poison”, as the case may be, shall not be modified in meaning by the addition of any other word or mark, and shall —

(a) in the case of a substance included in the Poisons List, either be in red lettering or be set against a red background. The word “Poison” shall be written or printed in the English, Malay and Chinese languages; and

(b) in all cases either be on a separate label or be surrounded by a line within which there shall be no other words except words with which the container of the poison is required to be labelled under the Act or these Rules.

Special cautions in case of certain substances.

21. (1) It shall not be lawful —

(a) to sell or supply any liquid poison, other than a medicine, in a bottle of a capacity of less than 120 fluid ounces, unless the bottle is labelled with the words “Not to be taken” in red lettering or set against a red background, in the English, Malay and Chinese languages;

(b) to sell or supply any poison consisting of or contained in any embrocation, liniment, lotion, liquid anti-septic, liquid disinfectant, or other medicine for external application unless the container is labelled with the name of the article and the words “Not to be taken internally” in red lettering or set against a red background, in the English, Malay and Chinese languages;

(c) to sell or supply any compressed hydrocyanic acid, or ammonia unless the container is labelled with the words “Warning. This container holds poisonous gas and should only be opened and used by persons having expert knowledge of the precautions to be taken in its use”.

[Subsidiary]

(2) The provisions of this rule shall be in addition to the other requirements of the Act and of these Rules with respect to labelling and shall apply to medicines and poisons dispensed or supplied in accordance with section 7.

Relaxation of certain labelling requirements.

22. (1) The provisions of section 6(2)(d) shall not apply in the case of an article sold for the purpose of re-sale in the same container, and the requirements of section 6(2)(d) shall be deemed to be satisfied, in the case of a poison supplied from a warehouse or depot, if the container of the poison is labelled with the address of the supplier's principal place of business, or, in the case of a limited company, of the registered office of the company.

(2) Where any poison (other than a substance included in the First Schedule) is sold in a container and outer covering, being the container and covering in which it was obtained by the seller, it shall be sufficient if the name of the seller and the address of the premises on which it was sold appear only on the outer covering.

(3) Where the names of more than one person or more than one address appear on any label, there shall also be words on the label indicating clearly which person is the seller and at which of the addresses the poison was sold.

Form of containers.

23. (1) It shall not be lawful to sell, whether wholesale or retail, or supply any poison unless it is contained in a container impervious to the poison and sufficiently stout to prevent leakage arising from the ordinary risks of handling and transport.

(2) This rule shall apply to medicines and poisons dispensed or supplied in accordance with section 7.

STORAGE AND TRANSPORT

Storage of poisons.

24. (1) It shall not be lawful to store any poison except in a container impervious to the poison and sufficiently stout to prevent leakage from the container arising from the ordinary risks of handling and transport.

(2) It shall not be lawful to store any substance included in the First Schedule in any retail shop or premises used in connection therewith unless the substance is stored —

(a) in a cupboard or drawer reserved solely for the storage of poisons;

(b) in a part of the premises which is partitioned off or otherwise separated from the remainder of the premises and to which customers are not permitted to have access; or

(c) on a shelf reserved solely for the storage of poisons and —

(i) no food is kept directly under the shelf; and

(ii) the container of the substance is rendered distinguishable by touch from the containers of articles and substances other than poisons stored upon the same premises:

Provided that, in the case of any such substance to be used in agriculture or horticulture, it shall not be lawful to store the substance on any shelf, or in any such part of the premises as aforesaid if food is kept in that part, or in any cupboard or drawer unless the cupboard or drawer is reserved solely for the storage of poisons to be used as aforesaid.

Transport of poisons.

25. It shall not be lawful to consign any poison for transport unless it is so packed as to avoid leakage arising from the ordinary risks of handling and transport.

Special provisions with respect to transport of certain poisons in Sixth Schedule.

26. (1) It shall not be lawful to consign for transport by a carrier any substance or article, other than a medicine, consisting of or containing any poison included in the Sixth Schedule, unless the package containing the substance or article is labelled conspicuously with the name of the poison and a notice indicating that it is to be kept separate from foodstuffs and from empty containers in which foodstuffs have been contained.

(2) It shall not be lawful for any person knowingly to transport any such substance or article as aforesaid, either on his own behalf or for another person, in any vehicles in which food is being transported, unless the food is carried in a part of the vehicle effectively separated from that containing the substance or is otherwise adequately protected from the risk of contamination.

SPECIAL PROVISIONS WITH RESPECT TO HOSPITALS

Supply of medicines to out-patients from certain hospitals etc.

27. (1) The provisions of the Act and of these Rules shall not apply with respect to —

[Subsidiary]

(a) any medicine for the treatment of human ailments dispensed from a hospital, infirmary or dispensary maintained by any public authority, or out of public funds, or by a charity; or

(b) any medicine for the treatment of animals supplied from a veterinary hospital which is under the superintendence of a veterinary surgeon,

but the requirements contained in the following provisions of this rule shall be satisfied in relation thereto.

(2) The medicine shall only be supplied by, or on and in accordance with a prescription of, a medical practitioner for the purposes of medical treatment, or a dentist for the purposes of dental treatment, or a veterinary surgeon for the purposes of animal treatment.

(3) In a case where a substance included in the First Schedule is supplied, a record shall be kept on the premises in such a way that there can readily be traced at any time during a period of 2 years after the date on which the substance was supplied the following particulars —

(a) the name and quantity of the poison supplied;

(b) the date on which the poison was supplied;

(c) the name and address of the person to whom the poison was supplied;
and

(d) the name of the person who supplied the poison or who gave the prescription upon which it was supplied.

(4) The container of the medicine shall be labelled —

(a) with the name and address of the hospital, infirmary, dispensary or institution from which it was supplied;

(b) except in the case of a medicine made up ready for internal treatment, with the word “Poison”; and

(c) in the case of a poison supplied from a veterinary hospital, with the words “For animal treatment only”.

Supply of medicines for use in hospital etc.

28. (1) The provisions of this rule and rule 29 shall apply to any hospital, infirmary, dispensary, clinic, nursing home or other institution at which human ailments are treated (referred to in this rule and in rule 29 as “an institution”).

(2) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in charge of a person appointed for that purpose, no medicine containing a poison shall be supplied from that department, except in cases of emergency, for use in the wards, operating theatres or other sections of the institution, except in accordance with the requirements contained in the following provisions of this rule.

(3) The medicines shall only be supplied upon a written order signed by a registered medical practitioner, dentist, or by a sister in charge of a ward, theatre or other section of the institution.

(4) The container of the medicine shall be labeled —

(a) with the words describing its contents; and

(b) in the case of substances included in the First Schedule, with a distinguishing mark or other indication indicating that the poison is to be stored in a cupboard reserved solely for the storage of poisons.

Storage of poisons in institutions.

29. (1) The requirements contained in this rule shall apply to the storage of poisons in institutions.

(2) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in charge of a person appointed for the purpose, all poisons other than those issued for use within the institution shall be stored in that department.

(3) In any institution to which subrule (2) does not apply, all poisons other than those issued for use within the institution shall be stored —

(a) in charge of a person appointed for the purpose by the governing body or person in control of the institution; and

(b) in the case of poisons which are included in the First Schedule either in a cupboard or drawer, or on a shelf, reserved solely for the storage of poisons:

Provided that, where a poison is stored on a shelf, the container of the poison shall be rendered distinguishable by touch from the containers of articles other than poisons stored on the same premises.

[Subsidiary]

(4) In any institution, every substance included in the First Schedule which is stored in the wards shall be stored in a cupboard reserved solely for the storage of poisons and poisonous substances.

(5) All places in which poisons are required by this rule to be stored shall be inspected at regular intervals of time not exceeding 3 months by a pharmacist or by some other person appointed for the purpose by the governing body or person in control of the institution.

COLOURING OF POISONS

Manufacture of pharmaceutical preparations.

30. (1) It shall not be lawful to sell any poison included in the Seventh Schedule and intended for use in agriculture or horticulture for the destruction of bacteria, fungi, insects, vermin or as weedkiller or for the preservation of buildings or other structures liable to be destroyed by termites or other insects unless there has been added to the poison a dye of a distinctive colour. The dye must be soluble in water if the poison is intended to be used dissolved or mixed with water. If the poison is sodium arsenite or any other alkaline arsenite, the dye shall be methylene blue, which shall be thoroughly mixed with the poison in the proportion of not less than one part by weight of methylene blue to every hundred parts by weight of alkaline arsenite.

(2) This rule shall not apply to —

- (a) lead arsenate paste or lead arsenate powder;
- (b) poisons which are of themselves of a distinctive colour; or
- (c) sheep dips which are already of a distinctive colour.

Books, records and orders to be preserved on premises of sale for 2 years.

31. All books, records and orders required under the provisions of the Act or these Rules shall be preserved on the premises at which the sale was made for a period of 2 years from the date of the sale or the date on which the last entry was made in the book or record.

FIRST SCHEDULE

[S 102/1979]

(rule 9)

SUBSTANCES FALLING WITHIN POISONS LIST TO WHICH SPECIAL
RESTRICTIONS APPLY

Acepromazine; its salts

Acetanilide; alkyl acetanilides

Acetazolamide; its salts

Acetohexamide

Acetorphine; its salts; its esters and ethers; their salts

Acetylcarbromal

Acetylcholine Chloride

Acetylcysteine

Acetyldigitoxin

Acetylhydrocodeine; its salts

Acetylmethadol; its salts

Adiphenine Hydrochloride

Alclofenac

Alcuronium chloride

Aldicarb

Alkaloids, the following; the quaternary compounds; any salt simple or complex, of any substance falling within the following —

Aconite, alkaloids of, except substances containing less than 0.02% of the alkaloids of aconite

Atropine, except substances containing less than 0.15% of atrophine or not more than 1% of atropine methonitrate

Belladonna, alkaloids of, except substances containing less than 0.15% of the alkaloids of belladonna calculated as hyoscyamine

Brucine except substances containing less than 0.02% of brucine

Calabar beans, alkaloids of

Coca, alkaloids of, except substances containing less than 0.1% of the alkaloids of coca

Cocaine, except substances containing less than 0.1% of cocaine

Codeine; its esters and ethers, except substances containing less than 1.5% of codeine

Colchichum, alkaloids of

Coniine except substances containing less than 0.1% of coniine

Cotarnie except substances containing less than 0.2% of cotarnine

Curare, alkaloids of; curare bases

Ecgonine, its esters and ether; except substances less than the equivalent of 0.1% of ecgonine

Emetine, except substances containing less than 1% of emetine

[Subsidiary]

FIRST SCHEDULE — (continued)

- Ephedrine, its optical isomers; except when contained in liquid preparations (other than aerosol dispensers) or preparations not intended for internal treatment of human ailments and except solid preparations containing less than 10% of ephedrine or its optical isomers otherwise than in an inert diluent
- Ergot, alkaloids of, whether hydrogenated or not; their homologues; any salt of any substance falling within this item
- Gelsemium, alkaloids of, except substances containing less than 0.1% of the alkaloids of gelsemium
- Homatropine except substances containing less than 0.15% of homatropine
- Hyoscine except substances containing less than 0.15% hyoscine
- Hyoscyamine except substances containing less than 0.15% of hyoscyamine
- Jaborandi, alkaloids of, except substances containing less than 0.5% of the alkaloids of jaborandi
- Lobelia, alkaloids of, except substances containing less than 0.5% of the alkaloids of lobelia
- Morphine; its salts, its esters and ethers; their salts; except substances containing less than 0.2% of morphine calculated as anhydrous morphine
- Nicotine
- Papaverine except substances containing less than 1% of papaverine
- Pomegranate, alkaloids of, except substances containing less than 0.5% of the alkaloids of pomegranate
- Quebracho, alkaloids of
- Rauwolfia, alkaloids of; their salts; derivatives of the alkaloids of rauwolfia, their salts
- Sabadilla, alkaloids of; except substances containing less than 1% of the alkaloids of sabadilla
- Solanaceous alkaloids, not otherwise included in this Schedule, except substances containing less than 0.15% of solanaceous alkaloids calculated as hyoscyamine
- Stavesacre, alkaloids of, except substances containing less than 0.2% of the alkaloids of stavesacre
- Strychnine except substances containing less than 0.2% of strychnine
- Thebaine except substances containing less than 1% of thebaine
- Veratrum, alkaloids of, except substances containing less than 1% of the alkaloids of veratrum
- Yohimba, alkaloids of
- Allylisopropylacetylurea
- Allylprodine; its salts
- Alphacetylmethadol; its salts
- Alphameprodine; its salts
- Alphamethadol; its salts
- Alphaprodine; its salts
- Alprenolol; its salts
- Amibenonium Chloride

FIRST SCHEDULE — (continued)

Ambuside
Ametazole Hydrochloride
Amethocaine; its salts
Amidopyrine; its salts; amidopyrine sulphonate; its salts
Amiloride Hydrochloride
Amino-alcohols esterified with benzoic acid, phenylacetic acid, phenylpropionic acid, ocinnamic acid or the derivatives of these acids, except substance containing less than 10% of esterified amino-alcohols; their salts
p-Aminobenzenesulphonamide; its salts; derivatives of p-aminobenzene-sulphonamide having any of the hydrogen atoms of the p-amino group or of the sulphonamide group substituted by another radical; their salts
Aminopterin Sodium
Aminorex; its salts
p-Aminosalicyclic acid; its salts
Ammonium chlorate
Ammonium perchlorate
Androgenic, oestrogenic and progestational substances, the following —
 Benzoestrol
 Derivatives of stillbene, dibenzyl or naphthalene with oestrogenic activity; their esters
 Steroid compounds with androgenic or oestrogenic or progestational activity; their salts
Anilerdine; its salts
Antibiotics, the following; their salts their esters and salts of such esters —
 Actinomycins
 Amikacin Sulphate
 Amphomycins
 Amphotericins
 Bacitracin
 Bleomycin
 Candicidin
 Capreomycin
 Cephaloglycin
 Cephaloridin
 Cephalosporins, that is to say, the antimicrobial substances containing in their chemical structure a fused dihydrothiazine B-lactam nucleus
 Chloramphenicol
 Chlortetracyclin
 Clindamycin
 Cycloserine
 Demethylchlortetracycline
 Erythromycin
 Flavomycin
 Framycetin
 Fusidic acid

[Subsidiary]

FIRST SCHEDULE — (continued)

- Gentamycin
- Gramicidins
- Griseofulvin
- Hachimycin
- Kanamycin
- Lincomycin, that is to say, the S-alkyl derivatives of 6, 8-dideoxy-6-trans-(4)-alkyl-L-2-pyrrolidine carboxamido)-1-thio-D-erythro-oc-D-galacto-octo-pyranoside and N-methyl-pyrrolidine analogues thereof
- Methacyline
- Mithramycins
- Minocycline
- Mitomycins
- Neomycin
- Novobiocin
- Nystatin
- Oleandomycin
- Oxytetracycline
- Praromomycin
- Penicillin, its salts and derivatives
- Polymixins
- Rifomycins, that is to say, a group of related microlactans either produced by the growth of streptomyces mediterranei or by modification of such products and containing the chemical structure of 11-acetoxy-7, 9, 15- trihydroxy-13-methoxy-2, 6, 8, 10, 12-pentamethylpentadeca-2, 4, 14-trienoci acid amide, attached by the nitrogen atom and by the oxygen atom in the 15 position respectively to the 7-and 2-position of a 5, 6, 9-trioxygenated 2, 4-dimethyl-1-oxonaphtho (2, 1-b) furan
- Ristocetins
- Spectionomycins
- Spiramycin
- Streptomycin and its derivatives
- Tetracyclines, that is to say, the antimicrobial substances containing the chemical structure naphthacene-2-carboxymide, hydrogenated to any extent, and having each of the positions 1, 3, 10, 11 and 12 substituted by a hydroxyl or an oxo group
- Thiamphenicol
- Tobramycin
- Tylosin
- Tyrothricin
- Vanomycin
- Viomycin
- Virginiamycin
- Antimony, chlorides of, antimonates, antimonites, organic compounds of antimony
- Apiol

FIRST SCHEDULE — (continued)

Apomorphine; its salts
Aprotinin
Arsenical poisons, except substances containing less than the equivalent of 0.01% of arsenic trioxide and except dentifrices containing less than 0.5% of acetarsol
L-Asparaginase
Atenolol
Azacylonol; its salts
Azapropazone
Azathioprine
Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid; its salts; its derivatives; their salts; with any other substance
Barium; salts of, other than barium sulphate and the salts of barium specified in Part II of the Poisons List
Beclamide
Bemegride
Benactyzine; its salts; its quaternary compounds
Benapryzine
Benserazide Hydrochloride
Benzbromarone
Benzethidine; its salts
Benzene
Benzhexol; its salts
Benzidine
Benzilium Bromide
Benzocaine
Benzoctamine; its salts
Benzoylmorphine; its salts
Benztropine; and its homologues; their salts
Benzylmorphine; its salts
Betacetylmethadol; its salts
Betachloralose
Betameprodine; its salts
Betamethadol; its salts
Betaprodine; its salts
Bethanadine; its salts
Bethanechol Chloride
Beziramide; its salts
Biperiden; its salts
Bretylium; its salts
Bromhexine Hydrochloride
Bromocriptine Mesylate
Bromvaletone
Bufexamac
Buformin; its salts

[Subsidiary]

FIRST SCHEDULE — (continued)

Bufotenine; its salts; its esters and ethers; their salts
Buphenine Hydrochloride
Bupivacaine; its salts
Busulphan; its salts
Butacaine Sulphate
Butriptyline hydrochloride
Cannabinol and its tetrahydro derivatives prepared partly or wholly by synthesis; their 3-alkyl homologues; and esters and ethers of any substance falling within this item
Cannabis; the whole plant, or part thereof, the resin of cannabis; extracts of cannabis; tinctures of cannabis, cannabin tannate
Cantharidin except substances containing less than 0.01% of contharidin
Cantharidates except substances containing less than the equivalent of 0.01% of cantharidin
Captodiamine; its salts
Caramiphen; its salts
Carbachol
Carbamazepine
Carbenoxolone; its salts
Carbidopa
Carbimazole
Carbofuran
Carbromal
Carbutamide; its salts
Carisoprodol
Carperidine; its salts
Chloral; its addition and condensation products; their molecular compounds; except when contained, in the form of chloral hydrate, in preparations intended for external application only
Chlorambucil
Chlordiazepoxide; its salts
Chlorinated hydrocarbons, the following —
Aldrin
Benzoximate
Benzene hexachloride (BHC) (HCH)
Bromocyclen
Camphechlor
Captafal
Captan
Chlorbenside
Chlorbicyclen
Chlordane
Chlordencone
Chlordimeform
Clorfenethol

FIRST SCHEDULE — (continued)

Chlorfenson
Chlorfesulfide
Chlorobenzilate
Chloromebuform
Chloropropylate
Dicophane (D.D.T.)
pp² -DDT
Dicofol
Dieldrin
Dienochlor
Diflubenzuron
Endosulfan
Endrin
Fenazaflor
Fenson
Fluorbenzide
Folpit
Gamma benzene hydrochloride (Gamma-BHC)
HEOD
HHDN
Heptachlor
Isobenzan
Isodrin
Kelevan
Methoxychlor (1, 1, 1-trichlor-2, 2-di-(p-methoxyphenyl) ethane)
Quintozene
Tetrachlordiphenlethane (TDE)
Tetradifon
Tetrasul
Toxaphene
Allied chlorinated hydrocarbon compounds used as pesticides (insecticides, acaricides etc.)
Chlorinated phenols; their salts
Chlormequat
Chlormethizole; its salts
Chloroform; except substances containing not more than 5% of chloroform or when in preparations not intended for the internal treatment of human ailments
Chloropicrin
Chlorothiazide and other derivatives of benzo-1, 2, 4-thiadiazine-7-sulphonamide 1, 1-dioxide
Chlorphenoxamine; its salts
Chlorphentermine; its salts
Chlorpropamide; its salts
Chlorprothixine and other derivatives of 9-methylenethia-zanthern; their salts

[Subsidiary]

FIRST SCHEDULE — (continued)

Chlorthalidone and other derivatives of o-chlorobenzene sulphonamide
Chlorzoxazone
Cimetidine
Clofazimine
Clofibrate
Clomiphene; its salts
Clomidine; its salts
Clonitazine
Clorexolone
Clorpenaline; its salts; when contained in aerosol dispensers
Clotrimazol
Codoxime; its salts
Corticotrophins, natural and synthetics
Cortisone, hydrocortisone, prednisone, prednisolone, derivatives of these with hydroxyl, alkyl groups of halogens as substituents, esters and salts of esters of such derivatives
Curare
4-Cyano-2-dimethylamino-4, 4-diphenylbutane; its salts
4-Cyano-1-methyl-4-phenylpiperidine; its salts
Cyclarbamate
Cyclohexamide
Cyclophenolate Hydrochloride
Cyclophosphamide
Cycrimine
Cyhexatin
Cyproterone
Cytarabine
Dacarbazine
Danazol
Dantrolene Sodium
Dapsone; its salts
Daunorubicin; its salts
Deanol; its salts
Debrisoquine; its salts
Dehydroemetine; its salts
Demecarium bromide
Deptropine; its salts
Desferrioxamine Mesylate
Desipramide; its salts
Desomorphine; its salts; its esters and ethers; their salts
Dexetimide
Dextromethorphan; its salts; except substances containing less than 1.5% of dextromethorphan
Dextromoramide; its salts
Dextrophan; its salts

FIRST SCHEDULE — (continued)

Diacetylmorphine; its salts
Diacetylnalorphine; its salts
Diamino-diphenyl sulphones; their salts; their derivatives
Diampromide; its salts
Diazepam and other compounds containing the chemical structure or dihydro-1 4-benzodiazepine substituted to any degree; their salts
Diazoxide; its salts
Dilbenzopin; its salts
Dicyclomine Hydrochloride
N, N-Disthyltryptamine (DET): its salts
Difenoxin
Digitalis, glycosides and other active principles of digitalis; except substances containing less than one unit of activity (as defined in the British Pharmacopoeia) in two grammes of the substance
Dihydrallazine; its salts
Dihydrocodeine; its salts; its esters and ethers; their salts
Dihydrocodeinone; its salts
Dihydromorphine; its salts; its esters and ethers; their salts
Diloxanide Furoate
Dimenoxadole; its salts
Dimepheptanol; its salts, its esters and ethers; their salts
Dimepropion
Dimercaprol
Dimethrin
Dimetilan
Dimethothiazine Mesylate
2, 5-Dimethoxy-oc, 4-dimethylphenethylamine; its salts (DOM)
Dimethylthiambutene; its salts
N, N-Dimethyltryptamine (DMT); its salts
Dimethyltubocurarine; its salts
Dinitroresols (DNOC); their compounds with a metal or base
Dinitronaphthols
Dinitrophenols
Dinitrothymols
Dinosam; its compounds with a metal or base
Dioxacarb
Dioxaphetyl butyrate; its salts
Diperodon; its salts
Diphenoxylate; its salts
Diphetarsonne
Dipipanone; its salts
Diprenorphine Hydrochloride
Dipyridamole
Diquat; its salts
Disopyramide

[Subsidiary]

FIRST SCHEDULE — (continued)

Distigmine; its salts
Disulfiram
Disulphamide
Dithienylallyl amines; dithienylalkylallyl amines; their salts
Dopamine Hydrochloride
Dothiepin; its salts
Doxapram; its salts
Doxepin; its salts
Doxorubicin; its salts
Drazoxolon; its salts
Drostanolone; its salts
Drotebanol
Dyflon
Ecothiopate iodine
Ectylurea
Edrophonium Chloride
Embutramide
Emepromium; its salts
Emylcamate
Endothal; its salts
Estramustine; its salts
Etafedrine; its salts
Ethacrynic acid; its salts
Ethambutol; its salts
Ethamivan
Ethamsylate
Ethchlorvynol
Ethebenecid
Ethinamate
Ethionamide
Ethoglucid
Ethoheptazine; its salts
Ethosuximide
Ethylmethylthiambutene
Ethylmorphine; its salts; its esters and ethers; their salts; except substances containing less than 0.2% of ethylmorphine
Ethylnoradrenaline; its salts
Etonitazine; its salts
Etorphine; its salts; its esters and ethers; their salts
Etoxidine; its salts
Fazadinium Bromide
Fencamfamin; its salts
Fenfluramine; its salts
Fenpropfen; its salts
Fenoterol

FIRST SCHEDULE — (continued)

Fentanyl; its salts
Flavoxate; its salts
Fluanisone
Flucytosine
Flufenamic acid; its salts; its esters; their salts
Fluoroacetamide
Fluoroacetanilide
Fluorouracil; its salts
Flupenthixol; its salts
Fluprostenol
Flurbiprofen
Fluspirilene
Frusemide
Furaltadone
Furazolidone
Furethidine; its salts
Gallamine; its salts; its quaternary compounds
Glibenclamide; its salts
Glibornuride; its salts
Glipizide
Glutethimide; its salts
Glycopyrronium Bromide
Glymidine
Guanethidine; its salts
Guanidines, the following —
 polymethylene diguanidines di-p-anisyl-p-phenetylguanidine
Guanoclor; its salts
Guanoxan; its salts
Haloperidol and other 4-substituted derivatives of N-(3-p-fluoroben-zoylpropyl)
 piperidine
Heparin
Heptaminol; its salts
Hexachlorophene
Hexamethonium; its salts
Hexapropymate
3-Hexyl-1-hydroxy-7, 8, 9, 10-tetrahydro-6, 6, 9-trimethyl-6H-dibenzo (b,d) pyran
 (parahexyl)
Hydrallazine; its salts
Hydrazines, benzyl, phenethyl and phenoxyethyl, their oc-methyl deriva-tives, acy
 derivatives of any of the foregoing substances comprised in this item; salts of any
 compounds comprised in this item
Hydrochloric acid
Hydrocodone; its salts

[Subsidiary]

FIRST SCHEDULE — (continued)

Hydrocyanic acid except substances containing less than 0.15% weight in weight, of hydrocyanic acid (HCN); cyanides other than ferrocyanides, except substances containing less than the equivalent of 0.1%, weight in weight, of hydrocyanic acid (HCN)

Hydrofluoric acid

Hydromorphanol; its salts; its esters and ethers; their salts

Hydromorphanone; its salts; its esters and ethers; their salts

Hydroxycinchoninic acid; derivatives of; their salts; their esters; except substances containing less than 3% of a hydroxycinchoninic acid or a derivative thereof

Hydroxy-N, N-dimethyltryptamines; their esters or ethers; any salt of any substance falling within this item

Hydroxypethidine; its salts; its esters and ethers; their salts

Hydroxyurea

Hydroxyzine; its salts

Ibuprofen

Idoxuridine

Imipramine; its salts

Indomethacin; its salts

Iprindole; its salts

Iproniazide; its salts

Isoaminile; its salts

Isocarboxazid; its salts

Isoetharine; its salts

Isomethadone (isoamidone); its salts

Isoniazid; its salts; its derivatives; their salts

Isoprenaline; its salts

Isopropamide Iodide

Ketamine; its salts; its esters and ethers; their salts

Ketoprofen

Khellin

Labetolol Hydrochloride

Lactrile

Laudexium; its salts

Lead, compounds of, with acids from fixed oils

Lead tetra-ethyl and similar lead containing compounds

Levodopa; its salts

Levallorphan; its salts

Levomethorphan; its salts

Levomoramide; its salts

Levophenacymorphan; its salts; its esters and ethers; their salts

Levorphanol; its salts; its esters and ethers; their salts

Lignocaine; its salts

Lithium; carbonate; sulphate

Lofepamine

FIRST SCHEDULE — (continued)

Loperamide; its salts
Lysergamide
Lysergide and other N-alkyl derivatives of lysergamide; their salts; their quaternary compounds
Mannomustine; its salts
Maprotiline; its salts
Mazindol
Mebanazine; its salts
Mebendazole
Mebeverine Hydrochloride
Mebezonium iodide
Mebutamate
Mecamylamine; its salts
Meclofenoxate; its salts
Mefenamic acid; its salts; its esters; their salts
Mefruside
Mepenzolate Bromide
Melphalan
Mephenesin; its salts
Mepivacaine Hydrochloride
Meprobamate
Mercaptopurine; its salts; derivatives of mercaptopurine; their salts
Mercuric chloride except substances containing less than 1% of mercuric chloride; mercuric iodide except substances containing less than 2% mercuric iodide; nitrates of mercury except substances containing less than the equivalent of 3%, weight in weight, of mercury (Hg); potassiomeric iodides except substances containing less than the equivalent of 1% of mercuric iodide; organic compounds, of mercury except substances, not being aerosols, containing less than the equivalent of 0.2%, weight in weight, of mercury (Hg)
Mersalyl
Metaxalone
Metazocine; its salts; its esters and ethers; their salts
Metformin; its salts
Methadone (amidone); its salts
Methadyl acetate; its salts
Methaqualone; its salts
Methimazole
Methixene; its salts
Methocarbamol
Methotrexate
Methoxamine Hydrochloride
Methoxsalen
Methoxyphenamine; its salts; when contained in aerosol dispensers
Methsuximide

[Subsidiary]

FIRST SCHEDULE — (continued)

Methylaminopheptane; its salts; when contained in aerosol dispensers
 Methyldesorphine; its salts; its esters and ethers; their salts
 Methyldihydromorphine; its salts; its esters and ethers; their salts
 Methyldopa
 Methyldopate; its salts
 2-Methyl-3-morpholino-1, 1-diphenylpro-panecarboxylic acid; its salts; its esters; their salts
 Methylpentynol; its esters and other derivatives
 oc-Methylphenethylamine, B-methyl-phenethylamine and oc-ethylphenethyl-amine; any synthetic compound structurally derived from any of those substances by substitution in the aliphatic part or by ring closure therein (or by both such substitution and such closure) or by substitution in the aromatic ring (with or without substitution at the nitrogen atom) except ephedrine; its optical isomers and N-substituted derivatives, fenfluramine, hydroxyamphenamine, methoxyphenamine; phenylpropanolamine, pholedrine and prenylamine; any salt of any substance falling within this item
 Methylphenidate; its salts
 Metoclopramide; its salts
 Metomidate Hydrochloride
 Metopon; its salts; its esters and ethers; their salts
 Metoprolol Tartrate
 Metyrapone
 Mexizetine Hydrochloride
 Mianserin Hydrochloride
 Mitobranitol
 Mitopodozide; its salts
 Molindone; its salts
 Monofluoroacetic acid; its salts
 Morazone
 Morinamide; its salts
 Morpheridine; its salts
 Morphine methobromide; morphine N-oxide and other pentavalent nitrogen morphine derivatives
 Mustine and any other N-substituted derivatives of di-(2-chloroethyl) amine; their salts
 Myrophine; its salts
 Nafidrofuryl; its salts
 Nalidixic acid; its salts; its esters and salts of such esters
 Nalorphine; its salts
 Naloxone; its salts
 Naphazoline; its salts
 Naproxen
 Nefopam
 Neostigmine; its salts
 Nialamide; its salts

FIRST SCHEDULE — (continued)

Niclofolan
Nicocodine; its salts
Nicodicodine; its salts
Nicomorphine; its salts
Nicoumalone
Nifedipine
Nifenazone
Nikethamide
Niridazole
Nitric acid
Nitrofurantoin
Nitrofurazone
Nitromin; its salts
m-Nitrophenol; o-nitrophenol; p-nitrophenol
Nitroprusside; its salts
Noracymethadol; its salts
Norcodeine; its salts; its esters and ethers; their salts
Norlevorphanol; its salts; its esters and ethers; their salts
Normethadone; its salts
Normorphine; its salts; its esters and ethers; their salts
Norpipanone
Nortriptyline; its salts
Nux Vomica except substances containing less than 2% of strychnine
Opi Pramol; its salts
Opium except substances containing less than 0.2% of morphine calculated as anhydrous morphine
Orciprenaline; its salts; when contained in aerosol dispensers
Organo-tin compounds, the following —
 Compound of fentin
Orphenadrine, its salts
Othocaine; its salts
Ouabain
Oxamniquine
Oxedrine Tartrate
Oxethazaine; its salts
Oxolinic acid
Oxpernolol; its salts
Oxybuprocaine Hydrochloride
Oxycodone; its salts; its esters and ethers; their salts
Oxymorphone; its salts; its esters and ethers; their salts
Oxypertine; its salts
Oxyphenbutazone
Oxyphencyclimine Hydrochloride
Oxyphenonium Bromide
Oxytocins, natural and synthetic

[Subsidiary]

FIRST SCHEDULE — *(continued)*

Pancuronium; its salts
 Papaverine; its salts
 Paraldehyde
 Parmaethadione
 Paraquat; its salts
 Parathyroid Gland
 Pargyline; its salts
 Pemoline; its salts
 Pempidine; its salts
 Penicillamine; its salts
 Pentazocine; its salts
 Penthienate Methobromide
 Pentolinium; its salts
 Perhexiline maleate
 Pethidine; its salts
 Phenacaine; its salts
 Phenacemide
 Phenadoxone; its salts
 Phenaglycodol
 Phenampromide; its salts
 Phenazocine; its salts; its esters and ethers; their salts
 Phenbutrazate; its salts
 Phencyclidine; its salts
 Phenethylamine and derivatives
 Phentidylphenacetin
 Pheneturide
 Phenformin; its salts
 Phenidione
 Phenindione
 Phenmetrazine; its salts
 Phenomorphan; its salt; its esters and ethers; their salts
 Phenoperidine; its salts; its esters and ethers; their salts
 Phenothiazine; derivatives of; their salts; except dimethoxanate; its salts and
 promethazine, its salts and molecular compounds
 Phenoxybenzamine Hydrochloride
 Phenoxypropazine; its salts
 Phenprocoumon
 Phensuximide
 Phentermine; its salts
 Phentolamine; its salts
 Phenylbutazone; its salts
 2-Phenylcinchoninic acid; 2-salicylcincho-ninic acid; their salts; their esters
 5-Phenylhydantoin; its alkyl and aryl derivatives; their salts
 4-Phenylpiperidine-4-carboxylic acid ethyl ester; its salts
 Phenylpropanolamine Hydrochloride

FIRST SCHEDULE — (continued)

Pholcodine; its salts; its ester and ethers; their salts
Phosphorus compounds, the following —
Any substance derived from the molecule H₃PO₄ by substitution of any of the hydrogen and oxygen atoms and used as pesticides (insecticides, acaricides etc.) excepting —
bromophos
bromophos-ethyl
2-chloro-1-(2, 4, 5-trichlorophenyl) vinylidimethyl
phosphate
diazinon
dimethoate
dipterex
fenchlorphos
fenitrothion
fenthion
malthion
o, o, o'' o' -tetramthyl o, o' -thiodi-p-phenylene phosphoric acid
Physostigmine and its salts
Picrotoxin
Pilocarpine; its salts and quaternary compounds except substances containing less than 0.5% of pilocarpine
Piminodine; its salts
Pimozide; its salts
Pindalol
Pipenzolate Bromide
Piperidolate Hydrochloride
Pipradol; its salts; its esters and ethers
Piracetam
Piritramide; its salts
Pituitary gland, active principles of
Pizotofen and its salts
Podophyllum and podophyllum resin
Poldine Methylsulphate
Polidexide and its salts
Polymethylenebis(trimethylammonium) salts
Poppy-straw and concentrate of poppy-straw
Potassium chlorate
Potassium hydroxide
Potassium perchlorate
Practolol
Pralidoxime; its salts
Prazosin
Prethylamine Lactate
Prilocaine Hydrochloride
Primidone

[Subsidiary]

FIRST SCHEDULE — (continued)

Probenecid
Procainamide; its salts
Procarbazine; its salts
Prochlorperazine; its salts
Procyclidine; its salts
Proheptazine; its salts
Prolintane Hydrochloride
Promoxolone
Pronethalol; its salts
Propanidid
Propantheline Bromide
Properidine; its salts
Propiram
Propoxyphene; its salts
Propranolol; its salts
Prepylhexedrine; its salts
Propylthiouracil
Prostaglandins
Protamine; its salts
Prothionamide; its salts
Prothipendyl; its salts
Protirelin
Protriptylene; its salts
Psilocin
Psilocybin
Pyrazinamide
Pyridostigmine Bromide
Quinethazone
Quinidine and its salts
Quinine and its salts
Racemethorphan; its salts
Racemoramide; its salts; its esters and ethers; their salts
Racemorphan; its salts; its esters and ethers; their salts
Rauwolfia; alkaloids of; their salts; derivatives of the alkaloids of rauwolfia; their salts
Razoxane
Rimiteral Hydrobromide
Ritodrine Hydrochloride
Salbutamol; its salts
Salamefamol
Savin, oil of
Sodium 4-(dimethylamino) benzenedia-zosulphonate
Sodium chlorate
Sodium cromoglycate
Sodium hydroxide

FIRST SCHEDULE — (continued)

Sodium perchlorate
Sodium valproate
Solapsone
Sotalol hydrochloride
Spironalactone
Strophanthus, glycosides of
Styramate
Sulindac
Sulphinpyrazone
Sulphonals; alkyl sulphonals
Sulphuric acid
Sulpiride
Suprarenal gland medulla, the active principals of; their salts except when contained in preparations intended for external application only or in inhalants in aerosol dispensers containing adrenaline or its salts rectal preparations or preparations intended for use in the eye
Suxamethonium; its salts
Syrosingophine
Tacrine Hydrochloride
Tamoxifen; its salts
Terbutaline; its salts
Terabenazine; its salts
Thalidomide; its salts
Thallium; salt of
Thebacon; its salts; its esters; their salts
Thiacetazone
Thiambutene
Thimabutozine
Thiocarlide; its salts
Thioguanine
Thiopentone
Thiotepa; its salts
Thiothixene; its salts
Thiouracil; its alkyl derivatives
Thymoxamine Hydrochloride
Thyroid gland, the active principles of; their salts
Tilidene; its salts
Timolol and its salts
Tofenacin; its salts
Tolazamide; its salts
Tolbutamide; its salts
Tranexamic Acid
Tranlycypromine; its salts
Tretamine; its salts
Triamterene

[Subsidiary]

FIRST SCHEDULE — *(continued)*

Triaziquone
Tribromethyl alcohol
2, 2, 2-Trichloroethyl alcohol, esters of; their salts
Trimeperidine; its salts
Trimetaphan; its salts
Trimethoprim
Trimipramine; its salts
Troloxidone
Tubocuarine Chloride
Tybamate
Urethane
Vasopressins, natural and synthetic
Verapamil, its salts
Viloxazine; its salts
Vinblastine; its salts
Vincristine; its salts
Warfarin; its salts
Yohimbine; its salts and quaternary compounds
Zinc phosphide
Zoxazolamine; its salts

SECOND SCHEDULE

(rule 13(a),(b) and (c))

ARTICLES EXEMPTED UNDER RULE 13 FROM PROVISIONS
OF ACT AND RULES

GROUP I

GENERAL EXEMPTIONS

Adhesives; anti-fouling compositions; builders' materials, ceramics, distempers; electrical valves; enamels; explosives; fillers; fireworks; fluorescent lamps; glazes; glue; inks; lacquer solvents; loading materials; matches; motor fuels and lubricants; paints other than pharmaceutical paints; photographic paper; pigments; plastics; propellants; rubber; varnishes; vascular plants and their seeds.

GROUP II

SPECIAL EXEMPTIONS

| Poison | Substance or article in which exempted |
|---------------------------------|---|
| Acetanilide; alkyl acetanilides | Substances not being preparations for the treatment of human ailments. |
| Acetic Acid | Substances containing less than 20% weight in weight of acetic acid CH ₃ CCOH. |
| Alkaloids, the following — | |
| Brucine | Surgical spirit containing not more than 0.015% of Brucine. |
| Emetine | Specacuanha; extracts and tinctures of ipecacuanha; substances containing less than 0.05% of emetine. |
| Ephedra, alkaloids of | Substances containing less than 1% of the alkaloids of ephedra. |

[Subsidiary]

SECOND SCHEDULE

GROUP II — (continued)

| Poison | Substance or article in which exempted |
|---|--|
| Jaborandi, alkaloids of | Substances containing less than 0.025% of the alkaloids of jaborandi. |
| Lobelia, alkaloids of | Preparations for the relief of asthma in the form of cigarettes, smoking mixtures of fumigants; substances containing less than 0.1% of the alkaloids of lobelia. |
| Nicotine | Tobacco; preparations in aerosol dispensers containing not more than 0.2% w/w of nicotine; other liquid preparations containing not more than 7.5% w/w nicotine. |
| Pomegranate; alkaloids of | Pomegranate bark. |
| Solanaceous alkaloids | Stramonium contained in preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants. |
| Stavesacre, alkaloids of | Soap, ointments; lotions of external use. |
| Ammonia | Substances not being solutions of ammonia or preparations containing solutions of ammonia; substances containing less than 5% w/w of ammonia (NH ₃); refrigerators; smelling bottles. |
| Antimony, chlorides of | Polishes. |
| Arsenical poisons | Pyrites ores or sulphuric acid containing arsenical poisons as natural impurities. |
| Barbituric acid; its salts; derivatives of barbituric acid, their salts; compounds of barbituric acid; its salts; its derivatives; their salts with any other substance | Self heating preparations, aerosol dispensers, intended for external application 1, 5-diethyl-2-thio-4-pyrimidinedione and not containing any other substance mentioned opposite hereto in the first column. |

SECOND SCHEDULE

GROUP II — (continued)

| Poison | Substance or article in which exempted |
|--|--|
| Barium, Salts of | Witherite other than finely ground witherite; barium carbonate bonded to charcoal for case hardening; fire extinguishers containing barium cholride. |
| Chloroform | Substances containing less than 1% of chloroform; solid preparations; toothpaste. |
| Creosote obtained from wood | Substances containing less than 50% of creosote obtained from wood. |
| Diamines, the following; their salts; phnylene diamines; tolylene diamines; other alkylated-benzene diamines | Substances other than preparations for the dyeing of hair. |
| Dinitrocresols (DNOC); their compounds with a metal or a base | Substances being heither preparations for the treatment of human ailments not preparations for use in agriculture or horticulture. |
| Dinitrophenols | Substances not being preparations for the treatment of human ailments. |
| Dinosam; its compounds with a metal or base Dinoseb; its compounds with a metal or a base | Substances not being preparations for use in agriculture or horticulture. |
| Diperodon; its salts | Preparations intended for external application only, containing not more than 1% of diperodon, calculated as anhydrous base. |
| Dislufiram | Substances being preparations for the treatment of human ailments. |

[Subsidiary]

SECOND SCHEDULE

GROUP II — *(continued)*

| Poison | Substance or article in which exempted |
|---|---|
| Formaldehydde | Substances containing less than 5% w/w of formal-dehyde (H.CHO); photographic glazing or hardening solutions. |
| Formic acid | Substances containing less than 5% of formic acid (H.COOH). |
| Hydrochloric acid | Substances containing less 9% w/w of hydrochloric acid. |
| Hydrocyanic acid | Preparations of wild cherry; in reagent kits supplied for medical or veterinary purposes, substances containing less than 0.1% w/w of hydrocyanic acid (HCN). |
| Lead acetate | Substances containing less than 4% of lead acetate. |
| Lead, compounds of | Machine spread plasters. |
| Mercuric chloride | Batteries. |
| Mercuric chloride; mercuric iodides; organic compounds of mercury | Dressings on seeds or bulbs. |
| Mercury; nitrates of | Ointments containing less than the equivalent of 3%, w/w of mercury (Hg). |
| Mercury, Oxides of | Canker and wound paints (for trees) containing not more than 3%, w/w, yellow mercuric oxide. |
| Mescaline; its salts | Living plants. |
| Nitric Acid | Substances containing less than 9%. w/w, of nitric acid (HNO ₃). |

SECOND SCHEDULE

GROUP II — *(continued)*

| Poison | Substance or article in which exempted |
|---------------------------------------|--|
| Nitrobenzene | Substances containing less than 1% of nitrobenzene; soaps containing less than 1% of nitrobenzene; polishes. |
| Nitrobenzol | Substances containing less than 1% of nitrobenzol; soaps containing less than 1% of nitrobenzol; polishes. |
| p-Nitrobenzyl cyanide | Photographic solutions containing less than the equivalent of 0.1%, w/w, of hydrocyanic acid (HCN). |
| p-Nitrophenol | Preparations for use in agriculture or horticulture containing not more than 0.5% of p-nitrophenol as preservative. |
| Organo-tin compounds, the following — | |
| Compounds of Fentin | Substances other than preparations for use in agriculture or horticulture. |
| Oxalic acid, metallic oxalates | Laundry Blue; polishes; cleaning powders or scouring products containing the equivalent of not more than 10% of oxalic acid dihydrate. |
| Phenols | Butylated hydroxytoluene; carvacrol; creosote obtained from coal tar; essential oils in which phenols occur naturally; medicines containing less than 1% of phenols; nasal sprays, mouth washes, pastilles, lozenges, capsules, pessaries, ointments and suppositories, containing less than 60% of phenols; tar (coal or wood), crude or refined; p-tertiary amyphenol; p-tertiary butylcresol; p-tertiarybutylphenol; p-(1, 1, 2, 3-tetra-methylbutyl) phenol; thymol. |

SECOND SCHEDULE

GROUP II — *(continued)*

| Poison | Substance or article in which exempted |
|-----------------------------------|--|
| Phenylmercuric salts | Toilet, cosmetic and therapeutic preparations containing not more than 0.01% of phenylmercuric salts as a preservative; anti-septic dressings on toothbrushes; in textiles containing not more than 0.01% of phenylmercuric salts as a bacteriostat and fungicide. |
| Phosphoric Acid | Substances containing phosphoric acid, not being descaling preparations containing more than 50% w/w, of orthophosphoric acid. |
| Picric acid | Substances containing less than 5% of picric acid. |
| Podophyllum resin | Preparations containing not more than 1.5% w/w of podophyllum resin. |
| Potassium Hydroxide | Substances containing the equivalent of less than 17% of total caustic alkalinity expressed as KOH; accumulators; batteries. |
| Quinine; its salts | Preparations containing not more than 1% of quinine or its salts; soft drinks, wines or tonic wines; preparations containing not more than 15% of quinine or its salts for use in the manufacture of soft drinks, tonic wines or confectionery. |
| Sodium ethylmercurithiosalicylate | Therapeutic substances containing less than 1.0% of sodium ethylmercurithiosalicylate as a preservatives. |

SECOND SCHEDULE

GROUP II — (continued)

| Poison | Substance or article in which exempted |
|------------------------|--|
| Sodium fluoride | Substances containing less than 3% of sodium fluoride as a preservative; dentifrices containing not more than 0.3% of sodium fluoride; mouthwash tablets containing not more than 0.2% of sodium fluoride and liquid mouth washes containing not more than 5% thereof. |
| Sodium Hydroxide | Substances containing the equivalent of less than 12% of total caustic alkalinity expressed as Na OH. |
| Sodium Nitrite | Substances other than preparations containing more than 0.1% of sodium nitrite for the destruction of rats or mice. |
| Sodium siliconfluoride | Substances containing less than 3% as a preservative. |
| Sulphuric acid | Substances containing less than 9% w/w sulphuric acid (H ₂ S ₀₄); accumulators; batteries in which sulphuric acid is packed together with car batteries; fire extinguishers. |

[Subsidiary]

THIRD SCHEDULE

(rule 14)

SUBSTANCES REQUIRED BY RULE 14 TO BE SOLD BY RETAIL ONLY UPON
 PRESCRIPTION GIVEN BY REGISTERED MEDICAL PRACTITIONER,
 DENTIST OR VETERINARY SURGEON

Acetanilide; alkyl acenilides
 Acetazolamide
 Acetohexamide
 Acetorphine; its salts; its esters and ethers; their salts
 Acetylcarbromal
 Acetylcholine Chloride
 Acetylcysteine
 Acetyldigitoxin
 Acetyldihydrocodeine; its salts
 Adiphenine Hydrochloride
 Alcuronium Chloride
 Allopurinol
 Allylisopropylacetylurea
 Allylprodine; its salts
 Alphacetylmethadol; its salts
 Alphachlorose
 Alphameprodine; its salts
 Alphamethadol; its salts
 Alphaprodine; its salts
 Alprenolol; its salts
 Amantadine Hydrochloride
 Ambenonium Bromide
 Ambuside
 Ametazole Hydrochloride
 Amidopyrine; its salts; amidopyrine sulphonates; their salts
 p-Aminobenzenesulphonamide; its salts; derivatives; of p-aminobenzenesulphonamide
 having any of the hydrogen atoms of the p-amino group or of the sulphonamide
 group substituted by another radical; their salts
 Amiloride Hydrochloride
 Aminopterin Sodium
 Aminorex; its salts
 p-Aminosalicylic acid; its salts
 Amitriptyline; its salts
 Androgenic, oestrogenic and progestational substances, the following —
 Benzoestrol
 Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity, their
 esters
 Steroid compounds with androgenic or oestrogenic or progestational activity; their
 esters; except when contained in preparations for oral contraception

THIRD SCHEDULE — (continued)

Anileridine; its salts

Antibiotics, the following, their salts; their esters, their salts —

Actinomycins

Amikacin Sulphate

Amphotericin

Amphotericins

Bacitracin

Bleomycine

Candididin

Capreomycin

Cephaloglycin

Cephaloridine

Cephalosporine, that is to say, the antimicrobial substances containing in their chemical structure a fused dihydrothiazine B-lactum nucleus

Chloramphenicol

Chortetracycline

Clindamycin

Cycloserine

Demethylchlortetracycline

Erythromycin

Flavomycin

Framycetin

Fumagillin

Fusidic Acid

Gentamicin

Gramicidins

Griseofulvin

Hachimycin

Kanamycin

Lincomycins, that is to say, the S-alkyl derivatives of 6, 8-dideoxy-6-trans- (4-alkyl-L-2-pyrrolidine carboxamido)-1-thio-D-erythro-oc-D-galacto-octo-pyranoside, and N-methyl-pyrrolidine analogues thereof

Methacycline

Minocycline

Mithramycin

Neomycin

Novobiocin

Nystatin

Oleandomycin

Oxytetracycline

Paromomycin

Penicillin; its salts and derivatives

Polymyxins

[Subsidiary]

THIRD SCHEDULE — (continued)

Rifamycins, that is to say, a group of related antimicrobial microlactants, either produced by the growth of *strep-tomyces mediterranei* or by modification of such products, and containing the chemical structure of 11-acetoxy-7, 9, 15-trihydroxy-13-methoxy-2, 6, 8, 10, 12-pentamethyl-pentadeca 2, 4, 14-trienoic acid amide, attached by the nitrogen atom and by the oxygen atom in the 15-position respectively to the 7 and 2-positions of a 5, 6 9-trioxygenated 2, 4-dimethyl-1-oxonaphtho (2, 1-b) furan

Ristocetins

Spectinomycin

Spiramycin

Streptomycin and its derivatives

Tetracycline, that is to say, antimicrobial substances containing the chemical structure naphthacene-2-carboxymide, hydrogenated to any extent, and having each of the positions 1, 3, 10, 11 and 12 substituted by a hydroxyl or an oxo group

Thiamphenicol

Tobramycin

Tylosin

Tyrothricin

Vancomycin

Viomycin

Virginiamycin

Apiol

Aprotinin

L-Asparaginase

Atenolol

Azacylonol; its salts

Azapropazone

Azathioprine

Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid; its salts; its derivatives; their salts; with any other substances

Beclamide

Bemegride

Benactyzine; its salts; its quaternary compounds

Benapryzine

Benserazide Hydrochloride

Benzbromarone

Benzethidine; its salts

Benzhexol; its salts

Benzilonium Bromide

Benzoctamine; its salts

Benztropine and its homologues; their salts

Benzylmorphine; its salts

Betacetylmethadol; its salts

Betachloralose

THIRD SCHEDULE — (continued)

Betameprodine; its salts
Betaprodine; its salts
Bethanadine; its salts
Bethahechol Chloride
Bezitramide; its salts
Biperiden; its salts
Bretylium; its salts
Bromocriptine Mesylate
Bromvaletone
Bufexamac
Buformin; its salts
Bufotenine; its salts; its esters and ethers; their salts
Buphenine Hydrochloride
Busulphan; its salts
Butriptyline Hydrochloride
Cannabinol and its tetrahydro derivatives, prepared wholly or partly by synthesis; their 3-alkyl derivatives; any ester or ether of any substance falling within this item
Cannabis, (the whole plant, or part thereof, of Cannabis Sativa Linn); the resin of cannabis; extracts of cannabis, tinctures of cannabis; cannabin tannate
Captodiamine; its salts
Caramiphen; its salts
Carbenoxolone; its salts
Carbimazole
Carbromal
Carbutamide; its salts
Carisoprodol
Chloral; its addition and condensation products other than alphachloralose; their molecular compounds; except when contained, in the form of chloral hydrate, in preparations intended for external application only
Chlorambucil
Chloriazepoxide; its salts
Chlormethiazole; its salts
Chlorothiazine and other derivatives of benzo-1, 2, 4-thiadiazine-7-sulphonamide-1, 1-dioxide, whether hydrogenated or not
Chlorphenoxamine; its salts
Chlorphentermine; its salts
Chlorpropamide; its salts
Chlorprothixene and other derivatives of 9-methylenethiexanthene; their salts
Chlorthalidone and other derivatives of o-chlorbenzene sulphonamide
Chlorzoxazone
Cimetidine
Clofazimine
Clofibrate
Clomifene; its salts

[Subsidiary]

THIRD SCHEDULE — (continued)

Clomipramine; its salts
Clonidine; its salts
Clonitazene
Clorexolone
Clorprenaline; its salts; when contained in aerosol dispensers
Colchium, alkaloids of; their salts
Corticotrophine, natural and synthetic
Cortisone, hydrocortisone, prednisone; prednisolone, derivatives of these with hydroxyl, alkyl groups, or halogens as substituents; ethers and salts of such derivatives
Curare
4-Cyano-2-dimethylamino-4, 4-diphenyl-butane; its salts
4-Cyano-1-methyl-4-phenylpiperidine; its salts
Cyclarbamate
Cyclophosphamide
Cycrimine; its salts
Cyproterone; its salts
Cytarabine; its salts
Bacarbazine
Dantrolene Sodium
Danazol
Dapsone; its salts
Daunorubicin; its salts
Deanol; its salts
Debrisoquine; its salts
Demecarium bromide
Deptropine Citrate
Desferrioxamine Mesylate
Desipramine; its salts; its esters and ethers; their salts
Dexetimide
Destromethorphan; its salts; except substances containing less than 1.5% of dextromethorphan
Dextromoramide; its salts
Diacetylmorphine; its salts
Diamino-diphenyl sulphones; their salts; their derivatives
Diampromide; its salts
Diazepam and other compounds containing the chemical structure of dihydro-1 4-benzodiazepine substituted to any degree; their salts
Diazoxide; its salts
Dibenzepin; its salts
Dicyclomine Hydrochloride
NN-Diethyltryptamine (DET)
Dihydrallazine; its salts
Dihydrocodeine; its salts; its esters and ethers; their salts
Dihydrocodeinone; its salts

THIRD SCHEDULE — (continued)

Dihydromorphine; its salts; its esters and ethers; their salts
Diloxanide Furoate
Dimenoxadole; its salts
Dimepheptanol; its salts; its esters and ethers; their salts
Dimepropion
Dimercaprol
Dimethothiazine Mesylate
2, 5-Dimethoxy-oc, 4-dimethylphenethy-lamine (DOM); its salts
Dimethylthiambutene; its salts
N.N.-Dimethyltryptamine (DMT); its salts
Dimethyltubocurarine; its salts
Dinitrocresols (DNOC): the compounds with a metal or base, except preparations for use in agriculture or horticulture
Dinitronaphthols; dinitrophenols; dinitrothymols
Dioxaphetyl butyrate; its salts
Diphenoxylate; its salts
Dipipanone; its salts
Dipyridamole
Disopyramide
Dislfirm
Disulphamide
Dithienylallylamines; dithienylallylally-lamines; their salts
Dopamine Hydrochloride
Dothiepine; its salts
Doxapram; its salts
Doxepin; its salts
Doxorubicin; its salts
Drostanolone Propionate
Dyflos
Extylurea
Edrophonium Chloride
Emepromium Bromide
Emylcamate
Ephedrine; its optical isomers; their salts when contained in aerosol dispensers
Ergot, alkaloid of; whether hydrogenated or not; their homologues; any salt of any substance falling within this item
Estramustine Phosphate
Etafedrine; its salts
Ethacrynic acid; its salts
Ethambutol; its salts
Ethamivan
Ethamsylate
Ethchlorvynol
Ethebenecid
Ethinamate

[Subsidiary]

THIRD SCHEDULE — (continued)

Ethoglucid
Ethoheptazine
Ethosuximide
Ethylmethylthiambutene
Ethylmorphine; its salts; its esters and ethers; their salts
Ethylnoradrenaline; its salts; when contained in aerosol dispensers
Etonitazine; its salts
Etoxidine
Fazadinium Bromide
Fancamfamin; its salts
Fenfluramine; its salts
Fenoprofen
Fenoterol
Fentanyl
Flavoxate
Fluanisone
Flucytosine
Flufenamic acid; its salts; its esters; their salts
Fluorouracil; its salts
Flupenthixol Decanoate
Fluprostenal
Flurbiprofen
Fluspirilene
Frusemide
Furaltadone
Furazolidone
Furethidine; its salts
Gallamine; its salts; its quaternary compounds
Glibenclamide; its salts
Glibornuride; its salts
Glipizide
Glutethimide; its salts
Glycopyrronium Bromide
Glymidine
Guanethidine; its salts
Guanoclor; its salts
Guanoxan; its salts
Haloperidol and other 4-substituted derivatives of N-(3-p-fluorobenzoyl-propyl)
piperidine
Heparin
Heptaminol Hydrochloride
Hexachlorophene
Hexamethonium; its salts
Hexapropymate
Hydrallazine; its salts

THIRD SCHEDULE — (continued)

Hydrazines, benzylphenethyl or phenoxyethyl; their *o*-methyl derivatives; acyl derivatives of any of the foregoing substances comprised in this item; salts of any compounds comprised in this item

Hydrocodone; its salts

Hydromorphinol; its salts; its esters and ethers; their salts

Hydromorphone; its esters and ethers; their salts

Hydroxy-N, N-dimethyltryptamines; their esters or ethers; any substances falling within this item

Hydroxypethidine; its salts; its esters and ethers; their salts

Hydroxyurea

Hydroxyzine; its salts

Ibuprofen

Idoxuridine

Imipramine its salts

Indomethacin; its salts

Iprindole; its salts

Iproniazide; its salts

Isoaminile; its salts

Isocarboxazide; its salts

Isoetharine; its salts when contained in aerosols dispensers

Isomethadone (isoamidone); its salts

Isoniazid; its salts; its derivatives; their salts

Isoprenaline; its salts; when contained in aerosol dispensers

Isopropamide Iodide

Ketamine; its salts

Ketobemidone; its salts; its esters and ethers; their salts

Ketoprofen

Khellin

Labetolol Hydrochloride

Laetrile

Levodopa; its salts

Levomethorphan; its salts

Levomoramide; its salts

Levophenacilmorphan; its salts; its esters and ethers; their salts

Levorphanol; its salts; its esters and ethers; their salts

Lithium carbonate

Lofepamine

Loperamide; its salts

Lofepramie

Loperamide; its salts

Lysergamide

Lysergide and other N-alkyl derivatives of lysergamide; their salts, simple or complex; their quaternary compounds

Mannomustine Hydrochloride

Maprotiline; its salts

[Subsidiary]

THIRD SCHEDULE — (continued)

Mazindol
 Mebanazine; its salts
 Mebeverine; its salts
 Mebutamate
 Mecamylamine; its salts
 Meclofenoxate; its salts
 Mefenamic acid; its salts; esters their salts
 Mefruside
 Melphalen
 Mepenzolate Bromide
 Mephenesin; its esters
 Meproamate
 Mercaptopurine; its salts; derivatives of mercaptopurine; their salts
 Metaxalone
 Metaraminol Tartrate
 Metazocine; its salts; its esters and ethers; their salts
 Metformin; its salts
 Methadone (amidone); its salts
 Methadyl acetate; its salts
 Methaqualone; its salts
 Methimazole
 Methixene; its salts
 Methocarbamol
 Methotrexate
 Methoxsalen
 Methoxyphenamine; its salts; when contained in aerosol dispensers
 Methsuximide
 Methylaminoheptane; its salts; when contained in aerosol dispensers
 Methyl dopa
 Methyl dopate; its salts
 2-Methyl-3-morpholine-1, 1-diphenyl-propane carboxylic acid; its salts; its esters; their salts
 Methylphenynol; its esters and other derivatives
 oc-Methylphenethylamine, B-methyl-phenethylamine and oc-ethylphenethy-lamine; any synthetic compound structurally derived from any of those substances by substitution in the aliphatic part of by ring closure therein (or by both such substitution and such closure) or by substitution in the aromatic ring (with or without substitution at the nitrogen atom) except ephedrine; its optical isomers and N-substituted derivatives, fenfluramine, hydroxyamphetamine, methoxyphenamine, phenylpropano-lamine, pholedrine and prenylamine; any salt of any substance falling within this item
 Methylphenidate; its salts
 Methprylone
 Metoclopramide; its salts

THIRD SCHEDULE — (continued)

Metomidate Hydrochloride
Metopon; its salts; its esters and ethers; their salts
Metoprolol Tartrate
Metyrapone
Mexiletine Hydrochloride
Mitobronitol
Mianeserin Hydrochloride
Mitopodozide; its salts
Molindone; its salts
Morazone
Morinamide; its salts
Morpheridine; its salts
Morphine; its salts; its esters and ethers; their salts except substances containing less than 0.2% of morphine calculated as anhydrous morphine
Mustine and any other N-substituted derivatives of di-(2-chloroethyl) amine, their salts
Myrophine; its salts
Naftidrofuryl; its salts
Nalidixic acid; its salts; its esters and salts of such esters
Nialamide; its salts
Nicocodine; its salts
Nicodicodine; its salts
Nicomorphine; its salts
Nicoumalone
Nifedipine
Nifenazone
Nikethamide
Nitrofurantoin
Nitrofurazone
Nitromin; its salts
Nitroprusside; its salts
Noracymethadol; its salts
Norcodeine; its salts; its esters and ethers; their salts
Norlevorphanol; its salts; its esters and ethers; their salts
Normethadone; its salts
Normorphine; its salts; its esters and ethers
Norpipanone
Nortryptiline; its salts
Opipramol; its salts
Orciprenaline; its salts
Orphenadrine; its salts
Oxamniquine
Oxedrine Tartrate
Oxethazine; its salts
Oxolinic Acid

[Subsidiary]

THIRD SCHEDULE — (continued)

Oxprenolol; its salts
 Oxycodone; its salts; its esters; their salts
 Oxmorphone; its salts; its esters and ethers; their salts
 Oxypertine; its salts
 Oxyphenbutazone
 Oxytoxins, natural and synthetic
 Pancuronium; its salts
 Papaverine; its salts
 Paraldehyde
 Paramethadione
 Parathyroid Gland
 Pargyline; its salts
 Pemoline; its salts
 Pempidine; its salts
 Penicillamine; its salts
 Pentazocine; its salts
 Pentolinium; its salts
 Perhexiline
 Pethidine; its salts
 Phenacaine; its salts
 Phenacemide
 Phenadoxone; its salts
 Phenaglycodol
 Phenampromide; its salts
 Phenazocine; its salts; its esters and ethers; their salts
 Phenbutrazate
 Phencyclidine; its salts
 Phenbutrazate
 Phenelzine; its salts
 Phenformin; its salts
 Pheneturide
 Phenindione
 Phenmetrazine; its salts; its molecular compounds
 Phenormorphan; its salts; its esters and ethers; their salts
 Phenoperidine; its salts; its esters and ethers; their salts
 Phenothiazines; derivatives of; their salts except dimethoxonate; its salts, promethazine;
 its salts and its molecular compounds
 Phenoxybenzamine Hydrochloride
 Phenoxypropazine; its salts
 Phenprocoumon
 Phensuximide
 Phentermine; its salts
 2-Phenylcinchoninic acid; 2-salicycinchoninic acid; their salts; their esters
 5-Phenylhydantoin; its alkyl and aryl derivatives; their salts
 4-Phenylpiperidine-4-carboxylic acid ethyl ester; its salts

THIRD SCHEDULE — (continued)

Pholcodine; its salts; its esters and ethers; their salts
Physostigmine; its salts
Piminodine; its salts
Pimozide; its salts
Pindolo
Pipenzolate Bromide
Piperidolate Hydrochloride
Pipradrol; its salts; its esters and ethers
Piritramide; its salts
Pituitary gland, the active principles of, other than corticotrophins, oxytoxins and vasopressins
Pizotifen
Poldine Methylsulphate
Polidexide
Polymethylenebistrimethylammonium salts
Practolol
Prazosin
Prenylamine Lactate
Prilocaine Hydrochloride
Primidone
Probenecid
Procainamide; its salts
Procarbazine; its salts
Prochlorperazine; its salts
Procyclidine
Procheptazine; its salts
Prolintane Hydrochloride
Promazine; its salts and its molecular compounds
Promoxolan
Pronethalol; its salts
Propanidid
Propantheline Bromide
Properidine; its salts
Propiram
Propoxyphene; its salts
Propranolol; its salts
Propylhexedrine; its salts; except when contained in inhalers
Propylthiouracil
Prostaglandins
Protamine Sulphate
Prothionamide; its salts
Prothipendyl; its salts
Protriptyline; its salts
Psilocin
Psilocybine

[Subsidiary]

THIRD SCHEDULE — (continued)

Pyrazinamide; its salts
Pyridostigmine Bromide
Quinethazone
Quinidine; its salts
Quinine; its salts; except in preparations containing less than 10% of quinine or its salts
Racemethorphan; its salts
Racemoramide; its salts
Racemorphan; its salts; its esters and ethers; their salts
Rauwolfia, alkaloids of; their salts; derivatives of the alkaloids of rauwolfia; their salts
Razoxane
Rimiteral Hydrobromide
Ritodrine Hydrochloride
Salbutamol; its salts
Salmefamol
Sodium cromoglycate
Sodium valproate
Solapsone
Sotalol Hydrochloride
Sprinolactone
Styramate
Sulindac
Sulphinpyrazone
Sulphonal; alkyl sulphonals
Sulpiride
Suprarenal gland medulla, the active principles of; their salts
Suxamethonium; its salts
Syrosingopine
Tacrine Hydrochloride
Tamofixen; its salts
Terbutaline; its salts when contained in aerosol dispensers
Terabenazine; its salts
Thalidomide; its salts
Thebacon; its salts; its esters; their salts
Thiambutene
Thiambutozine
Thiocarlide; its salts
Thioguanine
Thiopentone; its salts
Thiotepa; its salts
Thiothixene; its salts
Thiouracil; its alkyl derivatives
Thymoxamine Hydrochloride
Thyroid gland, the active principles of their salts
Tilidene; its salts

THIRD SCHEDULE — *(continued)*

Timolol; its salts
Tofenacin; its salts
Tolazamide; its salts
Tolbutamide; its salts
Tranexamic Acid
Tranyleupromine; its salts
Tretamine; its salts
Triamterine
Triaziquone
Tribromethyl alcohol
2, 2, 2-Trichloroethyl alcohol, esters of, their salts
Trimeperidine; its salts
Trimetaphan; its salts
Trimethoprim
Trimipramine; its salts
Troloxidone
Tubocurarine Chloride
Tybamate
Urethane
Vasopressins, natural and synthetic
Verapamil; its salts
Vinblastine; its salts
Vincristine; its salts
Warfarine; its salts
Yohimbine; its salts and quaternary compounds
Zoxazolamine; its salts

FOURTH SCHEDULE

(rule 19(2)(a))

STATEMENT OF PARTICULARS AS TO PROPORTION OF POISON IN
CERTAIN CASES PERMITTED BY RULE 19(2)(a)

| Name of Poison | Particulars |
|--|--|
| Alkaloids Aconite, alkaloids of | The proportion of any one alkaloid of aconite that the preparation would be calculated to contain on the assumption that all the alkaloids of aconite in the preparation were that alkaloid. |
| Belladonna, alkaloids of Calabar bean, alkaloids of Coca, alkaloids of Colchicum, alkaloids of Ephedrine, alkaloids of Ergot, alkaloids of Gelsemium, alkaloids of Jaborandi, alkaloids of Lobelia, alkaloids of Pomegranate, alkaloids of Quebracho, alkaloids of other than the alkaloids of red quebracho Sabadilla, alkaloids of Salonaceous alkaloids not otherwise included in the Poisons List Stavesacre, alkaloids of Veratrum, alkaloids of Yohimba, alkaloids of | The same as above, with the substitution for the reference to aconite of a reference to belladonna, calabar bean or such other of the said poisons, as the case may require. |
| Antimonial poisons | The proportion of antimony trioxide (Sb ₂ O ₃) or antimony pentoxide (Sb ₂ O ₅) that the preparation would be calculated to contain on the assumption that the antimony (Sb) in the poison had been wholly converted into antimony pentoxide, as the case may be |

FOURTH SCHEDULE — (continued)

| Poison | Substance or article in which exempted |
|--|---|
| Arsenical poisons | The proportion of arsenic trioxide (As ₂ O ₃) or arsenic pentoxide (As ₂ O ₅) that the preparation would be calculated to contain on the assumption that the arsenic (As) in the poison had been wholly converted into arsenic trioxide or arsenic pentoxide, as the case may be. |
| Barium, salts of | The proportion of one particular barium salt which the preparation would be calculated to contain on the assumption that the barium (Ba) in the poison had been wholly converted into that salt. |
| Digitalis, glycosides of; other active principles of digitalis | The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation. |
| Hydrocyanic acid, cyanides, other than ferrocyanides and ferricyanides | The proportion of hydrocyanic acid (HCN) that the preparation would be calculated to contain on the assumption that the cyanides in the poison had been wholly converted into hydrocyanic acid. |
| Insulin | The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation. |
| Lead, compounds of, with acids from fixed oils | The proportion of lead oxide (PbO) that the preparation would be calculated to contain on the assumption that the lead in the poison had been wholly converted into lead oxide. |
| Mercury, organic compound of | The proportion of organically combined mercury (Hg) contained in the preparation. |
| Nux Vomica | The proportion of strychnine contained in the preparation. |

[Subsidiary]

FOURTH SCHEDULE — (continued)

| Poison | Substance or article in which exempted |
|---|--|
| Opium | The proportion of morphine contained in the preparation. |
| Phenols | The proportion of phenols (added together) contained in the preparation. |
| Compounds of phenol with a metal | The proportion of phenols (added together) that the preparation would be calculated to contain on the assumption that the compounds of phenols with a metal had been wholly converted into the corresponding phenols. |
| Pituitary gland, the active principles of | <p data-bbox="635 773 739 797">Either —</p> <p data-bbox="635 826 1181 915">(a) the number of units activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation, or</p> <p data-bbox="635 951 1181 1075">(b) the proportion of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, contained in the preparation; or</p> <p data-bbox="635 1112 1181 1294">(c) the amount of pituitary gland, or of anterior or of posterior lobe of gland, as the case may be, from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh to dried gland substance.</p> |
| Potassium hydroxide | The proportion of potassium monoxide (K ₂ O) which the preparation would be calculated to contain on the assumption that the potassium hydroxide in the preparation had been wholly converted into potassium monoxide. |

FOURTH SCHEDULE — (continued)

| Poison | Substance or article in which exempted |
|---|--|
| Sodium hydroxide | The proportion of sodium monoxide (Ma 2 0) which the preparation would be calculated to contain on the assumption that the sodium hydroxide in the preparation had been wholly converted into sodium monoxide. |
| Strophanthus, glycosides of | The amount of Standard Tincture of Strophanthus as defined in the British Pharmacopoeia 1948 which possesses the same activity as a specified quantity of the preparation when assayed by the method described in the said Pharmacopoeia. |
| Suprarenal gland medulla, the active principles of; their salts | Either — <i>(a)</i> the proportion of suprarenal gland or of the medulla of the gland, as the case may be, contained in the preparation; or <i>(b)</i> the amount of thyroid gland from which a specified quantity of the preparation obtained, together with an indication whether the amount relates to fresh or to dried gland. |

FIFTH SCHEDULE

(rule 6(2)(c))

INDICATION OF CHARACTER PRESCRIBED BY RULE 20
FOR PURPOSE OF SECTION (6)(2)(c)

1. To be labeled with the words “Caution. It is dangerous to take this preparation except under medical supervision” —

Medicines made up ready for the internal treatment of human ailments and containing insulin.

2. To be labeled with the words “Caution. It is dangerous to exceed the stated dose” —

Medicines (other than medicines containing insulin and medicines mentioned in paragraph 9 of this Schedule) made up ready for the internal treatment of human ailments except in the case of a substance included in First Schedule.

3. To be labelled with the words “Poison. For animal treatment only” —

Medicines made up ready for the treatment of animals.

4. To be labelled with the words “Caution. This preparation may cause serious inflammation of the skin in certain persons and should only be used in accordance with expert advice” —

Preparations for the dyeing of hair containing phenylene diamines, tolyenediamines, or other alkylated-benzene diamines or their salts.

5. To be labelled with the words “Caution. This substance is caustic” —

Potassium hydroxide, sodium hydroxide and articles containing either of those substances.

6. To be labelled with words “Caution. This substance is poisonous. The inhalation of its vapour, mist, spray or dust may have harmful consequences. It may also be dangerous to let it come into contact with the skin or clothing” —

Dinitroresols (DNOC); their compounds with a metal or base; except preparations for the treatment of human ailments and except winter washes containing not more than the equivalent of 5% of dinitroresols

Dinosam; its compounds with a metal or base

Dinoseb, its compounds with a metal or base

Endosulfan

Endothal, its salts

Endrin

FIFTH SCHEDULE — (continued)

Fluoroacetamide; fluoroacetanilide
 Mercury, organic compounds of, in aerosols
 Organo-tin compounds, the following —
 Compounds of fentin
 Phosphorous compounds, the following —
 Any substance derived from the molecule H_3PO_4 by substitution of any of
 the hydrogen or oxygen atoms and used as pesticides (insecticides, acaric-
 cides etc.) excepting
 Bromphos
 Bromphos-ethyl
 2-chloro-1-(2, 4, 5-trichlorophenyl) vinyl dimethyl phosphate
 Diazinon
 Dimethoate
 Dipterex
 Fenclorphos
 Fenitrothion
 Fenthion
 Malathion
 0, 0, 0, 0'-tetramethyl 0, 0'-thiodi-p-phenylene phosphorothioate
 Sodium 4-(dimethylamino) benzenedia-zosulphonate.

7. To be labelled with the words “Caution. This substance should be administered only under medical supervision. The vapour is dangerous” —

Medicines made up ready for the internal or external treatment of human ailments and containing dyflos.

8. To be labelled with the words “Caution. This substance is poisonous. Inhalation of powder is dangerous. It is also dangerous to let the substance come into contact with the skin or clothing” —

Monofluoroacetic acid; its salts.

9. To be labelled with words “Caution. This may cause drowsiness. If affected, do not drive or operate machinery” —

Anti-histamine substances, the following; their salts; their molecular compounds —

Antazoline
 Bromodiphenhydramine
 Buclizine
 Carbinoxamine
 Chlorcyclizine
 Chlorpheniramine
 Cinnarizine

[Subsidiary]

FIFTH SCHEDULE — (continued)

Clemizole
Cyclizine
Cyroheptadine
3-Di-n-butylaminomethyl 4, 5, 6-trihydroxyphthalide
Dimethyprindene
Diphenhydramine
Diphenylpyraline
Doxylamine
Isothipendyl
Mebhydroline
Meclastine
Meclozine
Phenindamine
Pheniramine
Phenyltoloxamine
Promethazine
Pyrrobutamine
Thenalidine
Tolpropamine
Triprolidine
Substances being tetra-N-substituted derivatives ethylenediamine or propylenediamine.

10. To be labelled with the words “Caution. Ingesting may be harmful. If this preparation is used on the hands, they should be thoroughly washed before handling food. Preparations for tropical application containing menthanelinium or propantheline bromide”.

11. To be labelled with the words “Caution. Do not inhale vapour or allow contact with skin, eyes or clothing” —

Methyl bromide.

SIXTH SCHEDULE

(rule 26(1))

SUBSTANCES TO WHICH RULE 26(1) (TRANSPORT) APPLIES

Aldicarb
 Allethrin
 Amitroz
 Arsenical Poisons
 Barium, salts of
 Biocresmethrin
 Bromopropylate
 Chlorinated hydrocarbon, the following —
 Aldrin, enzene hydrochloride (BHC), bromocyclen, camphechlor, captafol, captan, chlorbenseide, chlorbicyclen, chlordan, chlordecone, chlordinform, chlorfenethol, chlorfensen, chlorfensulphide, chlorobenzilate, chloromebuform, chloropropylate, dicophane (DDT), pp'-DDT, dicofol, dieldrin, dienochlor, diflubenzuron, endosulfan, endrin, fenazaflor, fenson, fluorbenzide, folpet, gamma benzene hydrochloride (Gamma-BHC) (HCH), KEOD (1, 2, 3, 4, 10, 10-hexachloro-6, 7-epoxy-1, 4, 4a, 5, 6, 7, 8, 8a-octa-hyro-1, 4(exo) 5, 8(endo)- dimethanon-aphthalene), HHDN (1, 2, 3, 4, 10, 10-hexachloro-1, 4, 4a, 5, 8, 8a hexahydro-1, 4 (exo): 5, 8 ((endo)-dimethanonaphthalene), heptachlor, isobenzan, isodrin, kelevan, methoxychlor (1, 1, 1-trichloro-2, 2-di-(p-methoxyphenyl) ethane)), tetrachloridp-henylethane (TDE: 1, 1-dichloro-2, 2-bis (p-chlorophenyl) ethane)), tetradifon, tetrasul, toxaphene, allied chlorinated hydrocarbon compounds used as pesticides (insecticides, acaricides etc.)
 Chlorinated phenols, their salts
 Chlormequat
 Cycloheximide
 Cyhexatin
 Decarhafuran
 Dimethrin
 Dimetilan
 Dinitrocresols, (DNOC), their compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture
 Dinosam, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture
 Dinoseb, its compounds with a metal or a base, when contained in preparation for use in agriculture or horticulture
 Dioxcarb
 Diphenyl
 Diquat; its salts
 Drazoxolon; its salts
 Endosulfan
 Endothal; its salts
 Endrin

[Subsidiary]

SIXTH SCHEDULE — (continued)

Ethoxyquin
 Fluoroacetamide; fluorocetanilide
 Fluenetil
 Formetanate
 Hydrocyanic acid; cyanides other than ferrocyanides and ferricyanides, except preparations containing less than the equivalent of 0.1%, weight in weight, of hydrocyanic acid (HCN)
 Methomyl
 Monofluoroacetic acid; its salts
 Nicotine; except in preparation containing less than 4% of nicotine
 Organo-tin compounds, the following —
 Compounds of fentin
 Paraquat; its salts.

SEVENTH SCHEDULE

(rule 30(1))

SUBSTANCES TO WHICH RULE 30(1) (COLOURING) APPLIES

Drazoxolon; its salts
 Flourcoacetamide; flouroacetanilide
 Monofluoroacetic acid; its salts
 Organo-tin compounds, the following —
 Compounds of fentin
 Phosphorus compounds, the following —
 Any substance derived from the molecule H₃P₀4 by substitution of any of the hydrogen or oxygen atoms and used as pesticides (insecticides, aearieides etc) excepting —
 Bromophos, bromophos-ethyl, 2-chloro-1 (2, 4, 5-trichlorophenyl) vinyl dimethyl phosphate, diazinon, dimethoate, dipterex, fenclorphos, fenitrothion, fenthion, malathion, 0, 0, 0' 0'-tetramethyl 0, 0'-thiodi-p-phenylene phosphorothioate.

EIGHTH SCHEDULE

(rule 3(1))

FORM A

Poisons Act (Chapter 114)

LICENCE TO IMPORT AND STORE POISONS

In exercise of the powers vested in me by the above Act I hereby authorise
..... whose business is at

.....
to import poisons from the date hereof until the 31st December, 20

This licence is issued subject to the provisions of the Poisons Act (Chapter 114) and
of any rules made thereunder and to the following conditions —

.....
.....
.....
.....
.....

Dated at this day
of 20

.....
Licencing Officer

Register No.

[Subsidiary]

EIGHTH SCHEDULE — (continued)

(rule 3(2))

FORM B

Poisons Act (Chapter 114)

LICENCE TO DEAL GENERALLY IN POISONS

BY WHOLESALE AND RETAIL

Licence is hereby granted to
of
carrying on business at
to deal generally in poisons by wholesale and by retail at his said business subject to the provisions of the Poisons Act (Chapter 114) and of any rules made thereunder and subject to the following special conditions, viz —

.....
.....
.....

The licence takes effect from the
day of 20 and expires on the 31st December
of that year.

Dated at this day
of 20

.....
Licensing Officer

Register No.

EIGHTH SCHEDULE — (continued)

(rule 3(3))

FORM C

Poisons Act (Chapter 114)

LICENCE TO KEEP AND SELL POISONS BY WHOLESALE

Licence is hereby granted to
of
carrying on business at
to keep and sell by wholesale at his said business premises the poisons hereunder
specified —

.....
.....
.....
.....

This licence is issued subject to the provisions of the Poisons Act (Chapter 114) and
of any rules made thereunder and subject to the following conditions —

.....
.....
.....

The licence takes effect from the
day of 20 and expires on the 31st
December of that year.

Dated at this day
of 20

.....
Licensing Officer

Register No.

[Subsidiary]

EIGHTH SCHEDULE — (continued)

(rule 3(4))

FORM D

Poisons Act (Chapter 114)

LICENCE TO KEEP AND SELL POISONS BY RETAIL

Licence is hereby granted to
of
carrying on business at
to keep and sell by wholesale at his said business premises the poisons hereunder
specified —

.....
.....
.....
.....

This licence is issued subject to the provisions of the Poisons Act (Chapter 114) and
of any rules made thereunder and subject to the following conditions —

.....
.....
.....

The licence takes effect from the
day of 20 and expires on the 31st December of
that year.

Dated at this day
of 20

.....
Licensing Officer

Register No.

EIGHTH SCHEDULE — (continued)

(rule 4)

FORM E

Poisons Act (Chapter 114)

SALE OF POISONS REGISTER

Date of Sale

Name of purchaser

Address of purchaser

Name of person introducing purchaser

Address of person introducing purchaser

.....

Name and quantity of poison sold

.....

.....

.....

Purpose for which the poison is required by the purchaser

.....

.....

Signature of purchaser

Signature of person introducing purchaser

NINTH SCHEDULE

(rule 7)

FEES

The fee for any licence issued under the Act shall be \$15:

Provided that registered pharmacists shall be exempted from the payment of any fee for a licence issued under the Act or these Rules and that a person who requires more than one licence issued under the Act or these Rules, for the purpose of his trade or business, shall be required to pay a fee of \$25 only.

(CHAPTER 114)**

POISONS (ANTIBIOTICS) EXEMPTION ORDER

S 26/1957

REVISED EDITION 2015

SUBSIDIARY LEGISLATION

POISONS (ANTIBIOTICS) EXEMPTION ORDER

ARRANGEMENT OF ORDERS

Paragraph

1. Citation.
 2. Interpretation.
 3. Exemption of antibiotics.
 4. Conditions.
-

SUBSIDIARY LEGISLATION

Order made under section 16

POISONS (ANTIBIOTICS) EXEMPTION ORDER

Commencement: 1st July 1957
[S 61/1957]

Citation.

1. This Order may be cited as the Poisons (Antibiotics) Exemption Order.

Interpretation.

2. In this Order, “the Act” means the Poisons Act (Chapter 114).

Exemption of antibiotics.

3. There is hereby exempted from the operation the Act and of any rules made thereunder any antibiotic contained in any manufacture or preparation intended for feeding animals.

Conditions.

4. This exemption is granted and shall be valid subject to the condition that any importation, possession for sale, sale or offering for sale of manufactures and preparations containing any antibiotic and any use thereof shall be solely for the feeding of animals.
